

T. R. TO LEAVE FOR OYSTER BAY NEXT TUESDAY

Colonel's Physicians Say He Can Be Moved if Nothing Occurs

CRISIS WILL COME TODAY

If Patient Finishes Day in Good Shape Danger of Complication Is Past

HOLDS CONFERENCES IN BED

Running-mate and Party Leaders Visit the Candidate for Short Time

At 9:15 o'clock the doctors in attendance on Colonel Roosevelt issued the following bulletin:

"Pulse 70, temperature 98.4-10, respiration 18. Pain in the chest diminished, breathing easier. General condition so good that he will be allowed to sit up for one hour today."

"His convalescence progresses favorably and unless some latent infection manifests itself, his recovery should be rapid."

"JOHN B. MURPHY, ARTHUR D. BEVAN, ALEXANDER LAMBERT, L. SCURRY TERRILL."

CHICAGO, Oct. 18.—The physicians in attendance on Colonel Roosevelt have practically agreed that barring complications, their patient may leave the hospital Tuesday.

He will not be allowed to make any political speeches or take any active part in the campaign, however, for ten or twelve days afterward.

This decision was arrived at this morning at a short conference of the doctors and Mrs. Roosevelt. The plan is to remove the colonel on Tuesday and take him directly to Oyster Bay, where he will be able to obtain the rest needed for his complete recovery.

CHICAGO, Oct. 18.—Gov. Hiram Johnson of California at 11:30 a. m. came to the Mercy hospital and immediately went into conference with Col. Roosevelt. Secretary McCabe telephoned from the Blackstone Hotel and made arrangements for the conference with John McGrath, Col. Roosevelt's secretary. It is not known how long the doctors will permit the conference to continue.

Slept Well
Colonel Roosevelt approached the crisis of his illness by getting a good night's sleep. At 6 o'clock the colonel's pulse was seventy, his temperature was ninety-eight and two-tenths and respiration eighteen, all being about normal.

The general condition of the patient was good.

Colonel Roosevelt, as soon as he awoke this morning expressed the utmost anxiety to get in immediate touch with Governor Johnson, his running mate, who arrived early today from his campaign tour of Indiana and will hold a long conference with Roosevelt during the morning.

The doctors last night somewhat reluctantly gave Roosevelt permission to talk with Governor Johnson, providing the talk would be limited. The former president, from his sick bed, has again virtually assumed charge of his campaign and while his appearance on the stump will unquestionably be limited to the Madison Square garden meeting, two nights before election, Roosevelt will be the guiding hand behind the fight from this time on.

While today, according to the attending physicians, there will be a crisis in the colonel's wound, that does not mean that Roosevelt's condition is critical today.

Dr. Terrill explained this by saying that if the 24 hours beginning at midnight passed without the formation of pus in the wound cavity the possibility of blood poisoning or pneumonia would have practically disappeared.

Bullet No Discomfort

He said that an encrusted bullet in a man with Colonel Roosevelt's physique would probably go with him through life without causing him any discomfort. It is probable, however, that in case Roosevelt passes the crisis successfully and is able to leave the hospital Monday or Tuesday, as is now desired, it will be deemed advisable to remove the bullet some time this fall when the colonel's condition is restored to normal.

Colonel Roosevelt awoke this morning from his late nap at 7:05 and at once inquired for Mrs. Roosevelt and his breakfast. Mrs. Roosevelt went at once to his room, while the nurse took his breakfast order.

The first visitor to the sick room this morning was Dr. L. S. Terrill, who went to see the colonel after he had breakfasted.

The physician's visit was brief and he came forth with a confident smile on his face.

Although it is known that today will mark the turning point in the

DERRICK DROPS STEEL INTO CROWD

CHICAGO, Oct. 18.—Lives of hundreds were in peril during the noon hour rush today at La Salle and Adams streets when a derrick, while hoisting steel girders on the new Continental Commercial bank building, snapped at a height of 100 feet and dropped two 16-ton pieces to the pavement. The click of the braces on the derrick caused the crowd to look up and as they saw the shadow bearing down upon them, women and men shrieked and leaped away just in time. The steel mass crashed into the pavement, hair-breath ahead of a Twelfth street car on Adams street, and the passengers made a headlong rush for the doors. The motorman applied emergency brakes and brought the car to a sudden stop, a few inches from disaster.

SEER CHANGES PLEA TO GUILTY

Janesville Clairvoyant Is Sentenced to Jail for 6 Months and Fined \$1,000

HIS METHODS ARE REVEALED

Witnesses Tell How He Enticed Them Into Immoral Relations With Him

Professor Harry Daverkosen, of Janesville, Wis., alleged to have enticed women into immoral relations with himself through claiming to possess supernatural powers, changed his plea to guilty in United States district court here this morning.

The Janesville clairvoyant remained calm and undisturbed during the entire proceedings while witness after witness revealed facts which lent a high color to the double life he had been leading.

As the chain of evidence became stronger, Daverkosen suddenly began to display symptoms of nervousness and at 11 o'clock this morning held a brief consultation with his attorney following which a plea of guilty was entered.

Following the imposition of a \$1,000 fine and a six months sentence in the Rock county jail by Judge A. L. Sanborn, Daverkosen again assumed an indifferent attitude. Daverkosen was accompanied to Janesville by a United States deputy marshal where he will immediately begin the serving of his six months' sentence.

Method Simple

The evidence introduced by the six women witnesses left no doubt as to the guilt of Daverkosen. According to their story they became acquainted with Daverkosen through advertisement which represented him as possessing the power to foretell the future and offering to do so for all who write for the information and enclose four cents in stamps.

After writing to him they received list of printed questions and were instructed to check the questions they wished answered and to return the list to him with \$1. From the questions checked, Daverkosen was able to gain an insight into the person's characteristics and to learn what they were interested in.

He would then write to them and tell them they were worrying over a love affair, money matters or ill health as the case might be and if his victim impressed him as being young and handsome he would tell her that he was able to aid her and would be glad to do so but that in order that he may exercise the powers he possessed, it would be necessary for her to come to Janesville. If they were not young and handsome he would merely request another fee instead of asking them to come to see him.

Upon arrival of a woman victim at Janesville, Daverkosen depended on his power of working on the superstition of his victim to gain his ends.

Men Victimized

Fully as many men fell victims to the Daverkosen swindle as women. The men instead of being instructed to come to him were told stories of the future for small fees and those who were willing to stand for a large fee were sent on treasure hunting expeditions.

Arrested
Daverkosen was recently arrested through information gained by postal authorities from women victims. He was arraigned on a charge of using the mails to defraud.

The trial produced the information that women from all parts of the United States and Canada had been enticed to Janesville while a large number of persons in Europe as well as America have been defrauded out of their money.

About forty witnesses, half of whom were women, were called as witnesses but only about six women had taken the stand when Daverkosen changed his plea. Several thousands of letters were gathered by the prosecution to be used as evidence.

1904 G.O.P. FUND RECORDS FOUND

Duplicate of List Bliss Destroyed Presented to Probe Committee

\$250,000 FROM PERKINS

Contributions from Standard Oil and Other Trusts Are Included

WASHINGTON, Oct. 18.—Like a voice from the tomb was a list of contributions given to the Clapp committee today. Dust of years was shaken from the list produced from a Chicago storage vault by Elmer Dover, assistant republican secretary. It barred the secrets Treasurer Cornelius N. Bliss sought to destroy on his death. It was a duplicate of Bliss' accounts, taken by Dover and kept for eight years.

\$100,000 from Standard Oil
Listed are contributions of \$250,000 by George W. Perkins, \$150,000 by J. P. Morgan & Co., \$150,000 by E. H. Harriman, \$10,000 by H. H. Rogers of the Standard Oil company and a contribution listed by the initials H. H. R., J. D. W. The first are Rogers' initials and the other a part of John D. Archibald's. Dover said he thought it referred to the Standard Oil contributions.

Dover's presentation of the list was the most dramatic climax of the campaign probe. It followed an anti-climax of Medill McCormick in denouncing "character assassins and liars like Chairman Hilles of the republican national committee, who incited weak minded men to actual assassination." This reference to the shooting of Colonel Roosevelt evoked a sharp rebuke to McCormick from all members of the committee.

Elmer Dover of Tacoma, Wash., 1904 campaign secretary at Chicago, succeeded Medill McCormick on the witness stand.

The committee discussed whether the list should be received, on account of doubt as to its accuracy and authenticity. The senators finally decided to receive it "for what it was worth." No dates of receipts were given in the list. It gave no total.

The Partial List

Among the contributions listed were:

Andrew Carnegie, \$10,000; Geo. J. Gould, \$10,000; Roswell Miller, \$20,000; "G. W. P.", \$100,000 (supposed to be George W. Perkins); S. F. Wainwright, \$20,000; E. H. Harriman, \$100,000; C. S. Mellen, president N. Y. N. H. & H., \$50,000; E. T. Stotesbury, \$25,000; S. J. Wainwright, Jr., \$20,000; C. N. Bliss for P. R., \$20,000; Secretary of the Navy G. Van L. Meyer, \$20,000; E. T. Stotesbury, \$25,000; C. N. B. for P. R., \$25,000; H. H. R., J. D. W., \$10,000; Richard F. Howes, International Harvester, \$20,000; E. T. Stotesbury, Philadelphia committee, \$20,000; G. W. P., committee, \$100,000; J. P. Morgan & Co., \$100,000; W. W. Kendall, New Haven, \$20,000; Chauncey M. Depew, \$100,000; J. P. Morgan & Co., additional, \$50,000; J. H. Hyde, \$25,000; J. F. Dryden, New Jersey collection, \$25,000; Charles Taft, \$20,000; Franklin Murphy, \$50,000; Whitelaw Reid, \$10,000; Senator Platt, \$10,000; Union League club, \$6,315; H. H. Rogers, \$10,000; Isaac N. Seligman, \$10,000; J. Schiff, \$10,000; James Speyer, \$25,000; M. A. Hanna, \$25,000; C. W. Fairbanks, \$5,000; J. J. Astor, \$5,000; M. C. D. Borden, \$10,000; T. C. Duport, \$5,000; James Stillman, \$5,000; Cuba Mail Steamship company, \$10,000; William Nelson, \$5,000; Bethlehem Steel company, \$50,000; Adolph Lewiston, \$10,000; Gifford Pinchot, \$5,000; J. H. Choate, \$2,000; American Can company, \$10,000; Robert Mathers, \$25,000; S. Guggenheim, \$7,500; Union League club, \$4,865; Union League club, \$15,000; Robert Bacon, \$10,000; James Stillman, \$10,000; E. H. Harriman, \$50,000; H. C. Erick, \$50,000; H. McK. Twombly, \$10,000; G. W. Perkins, \$25,000; C. & N. W. railroad, \$25,000; Bellamy Storer, \$1,000; Clarence Mackay, \$15,000; D. O. Mills, \$5,000.

Dover could not identify several of the "initialed" contributors.

The total contributions in 1904 aggregated \$2,279,928, according to the musty, time tainted documents.

FUR DEALER ACCUSED

J. J. Black, a dealer in furs and hides of Durand, Wis., will be arraigned in federal court tomorrow before Judge A. L. Sanborn on a charge of using the mails to defraud. Black is accused of sending out circular letters containing quotations on hides and furs to prospective customers and when they sent in the pelts, he is alleged to have paid only a fraction of the prices quoted in his lists. Black was fined once before on a similar charge.

SOCIALIST SPEAKERS ARRESTED

LITTLE FALLS, N. Y., Oct. 18.—Charles Rowe of Amsterdam and John Latimore of Utica, were added to the socialists under arrest this afternoon by the sheriff, Rowe because he started to read the constitution of the United States from a soap box, and Latimore for addressing the bystanders in the deaf and dumb sign language.

ALLIANCE NOT PREPARED FOR TURKISH WAR

Sultan's Declaration Finds Balkan States Unready to Take the Field

EUROPE ON POWDER MINE

No Matter Who Wins, Austria and Russia Are Likely to Fight

PREDICT A BRIEF CAMPAIGN Ottoman Victory in Short Order Is Prophecy of Military Experts

LONDON, Oct. 18.—By the suddenness with which it assumed the actively offensive, Turkey unquestionably has taken the Balkan quadruple alliance by surprise, despite their assertions of preparedness for the peninsula itself. They cannot afford to see Turkey beaten, for the same reason that it is to Russia's interest to have the sultan lose. In an emergency, therefore, it is more than likely to go to his aid.

Germany With Austria

Germany's hopes are so closely bound up with Austria's that Kaiser Wilhelm could not permit his ally to be crushed, but would have to help Austria against the czar. England is not only Russia's ally, but is determined to prevent the Teutonic combination from extending its authority farther into the southeast.

France, diplomats agree, both as an ally of England and Russia, and in view of the opportunity a general struggle would afford for the recovery of Alsace-Lorraine, would be more than likely to take a hand.

Italy has interests of its own in the Balkans. For years it has coveted Albania. So closely following its war in Tripoli it probably would not fight again, but rather than see the territory on the east shore of the Adriatic pass forever into other hands, diplomats say they do not see how it could keep out of the conflict.

So it is not, as men in high diplomatic positions here remark, the war between Turkey and the Balkan allies which causes the European struggle, according to messages today from disinterested military experts at the front. The allies did not delay their declarations of hostilities from any desire to avoid a clash, but for the fact that they were not ready for war. Bulgaria, in particular, was disappointed at the unsatisfactory nature of the people's response to Czar Ferdinand's call to the colors. It was expected that 350,000 fighting men would be mobilized within a few days. The force actually mustered did not exceed 250,000 today.

Bulgaria was the most formidable of the four nations in arms against the sultan and the unexpected indifference manifested by its reservists was a heavy blow to the allies' hopes.

War Will Be Brief

Diplomats expressed the opinion today that the campaign, so far as the Balkan nations are concerned, will be brief. Nearly all predicted a

WEATHER

For La Crosse and vicinity: Generally fair and colder tonight and Saturday.

For Wisconsin: Cloudy and probably unsettled tonight and Saturday; colder.

For Minnesota: Fair tonight and Saturday; colder tonight and in north and east portions Saturday; temperature near freezing tonight in north and west portion.

For Iowa: Fair tonight and Saturday; unsettled east portion tonight; cooler tonight and east portion Saturday.

Weather Conditions

The northwestern storm has moved eastward along the Canadian border and is central this morning over Manitoba. There has been a decided drop in temperature in Montana and the adjacent Canadian territory and a corresponding rise from the plains states to the upper lakes. Showers have continued in the gulf states and it is raining this morning in Oklahoma and in the Mississippi valley below St. Louis.

The Manitoba storm will cause somewhat unsettled but generally fair weather in this section tonight and Saturday with lower temperatures.

SPEAKER RIDDLES CLAIMS OF KAREL

Otto M. Schlachbach Attacks Stand of Milwaukeean on the Income Tax

BARRE MILLS MEETING IS BIG

Experienced Campaigners Say Gathering Was the Largest Ever Held in Schoolhouse

Before what is claimed by experienced campaigners to have been one of the biggest political rallies ever held at Barre Mills, Otto M. Schlachbach, candidate for district attorney on the republican ticket last night riddled the arguments of Judge J. C. Karel, democratic nominee for governor, against the income tax law.

The claims of the Milwaukee democrat that the law is unfair to Wisconsin industries, that it is expensive to collect the tax, that it is unjustly inquisitorial and that it has a tendency to terrorize foreign capitalists were all branded as false by the speaker, who illustrated his assertions to the contrary.

After arguing the necessity for the establishment of a substitute for the old and inequitable personal property tax Mr. Schlachbach discussed the charges of Judge Karel as follows:

"Now what are the arguments by which the democrats justify their opposition to the substitution of a tax that is just and equitable for one that has proven unjust and unenforceable? Judge Karel advances nine arguments. Let's see what they are:

"1. The income tax gives an advantage to competing industries in other states.

"That argument is true only, gentlemen, if the industries in the other states do not pay their taxes. It is not true if they pay their taxes."

"Let me illustrate. Suppose a Wisconsin and a Minnesota corporation each has \$20,000 worth of personal property, and each has an income of six per cent upon the amount invested. Each corporation has an income of \$1,200 per year. The Wisconsin corporation will pay an income tax of three per cent on \$1,200, or \$36.00. The Minnesota corporation will pay a personal property tax on \$20,000. It will pay approximately two per cent on \$20,000 or \$400. Do you think it is a serious handicap to make the Wisconsin corporation pay \$36, rather than \$400?"

"If the income tax will increase the burden of the Wisconsin industry, it is because the Wisconsin industry has been evading the personal property tax. And if the Wisconsin industry has been sneaking out of the tax it owes to the state, its burden ought to be increased. The whole object of the tax is to increase the burden of just that kind of industries."

"2. Mr. Karel contends that the collection of the tax is expensive. This is a broad sweeping statement made in the teeth of facts that conclusively establish the contrary."

"Gentlemen, the fact is that in the very first year of its operation this tax collected over three million at an expense of only \$85,000. Now that it is established, it will take materially less to collect it."

"But surely, it is not because of the expensiveness of collection that Judge Karel is inspired to champion the personal property tax. The personal property tax can not be collected at any price. The entire three million collected by the income tax couldn't be sufficient to enforce the personal property tax."

"3. It is inquisitorial. It was purposely made so because it was intended to be effective. An effective income tax is inherently inquisitorial. If Mr. Karel objects to that feature, why does he endorse the democratic national platform which stands for a national income tax? Perhaps it is his idea that only a republican income tax is inquisitorial."

"Is it because the income tax is inquisitorial that he supports the personal property tax? I presume that it isn't inquisitorial to require, as the personal property tax does, that a man state what property he owns, or under the tariff laws, and it doesn't matter whether the tariff be for republican protection or democratic revenue, a search, even of the person, has to be submitted to to avoid danger of evasion of the tariff duty. These I don't suppose could be regarded as inquisitorial."

"4. It will terrorize foreign capitalists. It will terrorize only those who would dodge their personal property taxes. A capitalist would prefer to pay a tax on the income from his investment than on the amount invested. Under the personal property tax, he would have to pay a tax on the entire amount, whether his investment produced any dividends or not. Under the income tax he pays only if his investment is successful. It would seem to me that this would appeal strongly to any discriminating 'foreign capitalist.'"

(Continued on Page 6)

M'FARLAND FREED OF MURDER CHARGE

NEWARK, N. J., Oct. 18.—Allison McFarland, accused of the murder of his wife a year ago, was this afternoon acquitted by a jury and was immediately discharged. This was McFarland's second trial. On the first he put in no defense and the jury found him guilty. An appeal to the higher court, however, resulted in a reversal, the court holding that the so-called "bunny" letters written by McFarland's Philadelphia sweetheart to him and which the prosecution alleged showed the motive for the killing, had been improperly introduced. At the present trial McFarland took the stand in his own defense.

The girl in the case, Florence Bromley, came to Newark to testify in McFarland's behalf, but the accused man's attorney in order to save her the humiliation of a cross-examination decided to stand on his story alone.

As the last shadow was falling, he whispered into the ear of the surgeon: "I'm glad I did it."

City Pays Tribute
When the supreme moment came, Gary found that Ruth's small body contained not only a stout heart, but a hero's soul. At its passing the city stopped its busy life and tearfully paid tribute to one of the world's martyrs.

Miss Ethel Smith, for whom Ruth sacrificed his life, lives several miles from Gary but was notified of her savior's death by telephone and collapsed. Still weak from the operations which she was compelled to undergo in order that her life be saved, she was unable to withstand the shock of 'knowing that her benefactor had succumbed.

"I am so sorry, so sorry!" she sobbed, and left the telephone.

John Ruth, the dead newsboy's brother, arrived in Gary this morning to claim the body. Mrs. Ida McCabe, Ruth's aunt, was at his bedside when the end came.

Ruth did not realize the seriousness of his condition and was kept in ignorance to the end. About midnight, he began to sink and his aunt was summoned from her hotel. He was barely conscious when she reached the hospital, but seemed to think that he was falling asleep.

Always a Cripple
Ruth was the oldest of four boys. He was 41 years old and was born in Rock Island, Ill. When two months old, he was stricken with infantile paralysis and the growth of his right leg was blighted. It was the cuticle from this leg that was grafted on Miss Smith's body. The brothers living in Denver, San Francisco and Butte, Mont., have been notified of Ruth's death.

Members of the Gary Association of Commerce today took charge of the preparations for the funeral, to be held in the First Methodist church here, Sunday at 2 p. m. More than a thousand dollars worth of flowers already have been obtained. It was planned to have members of the Gary city council act as pall bearers.

Late yesterday before the end was near Ruth was showing his aunt a newspaper photograph of himself and Miss Smith.

"Aren't they good?" he asked. "She's a fine girl and I'm proud to have helped her. She was in Monday to bid me good-bye. I'll be out of here Saturday and then I'll go and call on her. She asked me to. She's a fine girl."

Pneumonia Cause
Pneumonia was the direct cause of Ruth's death. He caught it last Tuesday while sitting in a wheel chair near an open window.

Miss Smith was able to be taken to her home last Tuesday, the day Ruth contracted the disease from which he died today. Before she left Ruth sent her his best wishes, and she sent him a huge bouquet of roses with best wishes for a speedy recovery. They were in his room when he died. Miss Smith is still at her home, but physicians say she will be able to go out in a few days.

MONKEYS SPREAD DIPHTHERIA
NEW ORLEANS, La., Oct. 18.—Dr. Oscar Dowling, famous as the "clean up" head of the Louisiana state board of health, startled thousands today when he declared that several hundred cases of diphtheria in various towns were contracted from monkeys traveling with a wild west show which toured the state.

CELEBRATE SILVER WEDDING
Mr. and Mrs. John Mydels, 1117 South Eighth street, celebrated their silver wedding anniversary Friday by entertaining a number of their friends at their home. A pleasant social time was spent and Mr. and Mrs. Mydels were the recipients of many beautiful gifts. An excellent dinner was served.

EXPECT BIG BATTLE
MEXICO CITY, Oct. 18.—A battle was expected today over the revolutionary force under General Felix Diaz and the Maderist troops commanded by General Cuerta, who has been given command of the federal army.

PREPARES BRIEF IN PHONE CASE
Winter to Argue Against Allowing Big Companies to Gain Monopoly of Business

Frank Winter today began the preparation of his brief in the physical connection of telephones case which will have a hearing before the state railroad commission in Madison, October 24. Mr. Winter expects to make an oral argument in addition to submitting his brief. It is understood that Mr. Winter will base a part of his argument for the physical connection of telephone toll lines and switchboards on the statement that if the physical connection clause of the law passed at the last legislature is found unconstitutional, the big telephone companies will be enabled to stifle all competition in this state and will build up an absolute monopoly of the business. This will be brought about because of another clause in the same law which prohibits the duplication of telephone systems in any city or community, he says.

At Mercy of Big Companies
If an independent telephone company is unable to put an exchange in a town or to reach that town by physical connection," said Mr. Winter today, "the company will be at the mercy of the big telephone company and will be forced to sell out at the terms of the larger company."

"The Bell interests were anxious to have the anti-duplication law passed and they agreed at that time to accept the corollary clause compelling physical connection. They said at that time that physical connection would not injure their interests. Now they are opposing this clause. I am convinced that they agreed to this clause just to get the physical connection clause killed by the supreme court later."

"While I have an advantage at this time by being the subscriber of the new telephone because of the larger list of subscribers in this city, yet if this physical connection law is found unconstitutional, the La Crosse company will be unable to get calls into Madison or any other city in the state. The independent companies depend on connection with other independent companies to reach cities at any distance and if the Bell company could buy up one of the small companies in the chain all of the others would be out of business as far as long distance calls are concerned."

To Go to Supreme Court
In my opinion a decision of the supreme court that the clause of the law compelling the physical connection of switchboards and toll lines is unconstitutional would not invalidate the anti-duplication clause. The anti-duplication law without the physical connection corollary would place the big companies in absolute control of the business in the state."

It is probable that the railroad commission will not hand down a decision in the matter for a month after the hearing. It is expected that the case will then go to the circuit court of Dane county for the purpose of taking the question to the state supreme court for final decision. Briefs will be submitted to the railroad commission by the Bell interests and some of the independent companies as well as that being prepared by Mr. Winter.

WATER DAMAGE SALE

WATER DAMAGES STOCK OF KOMISS-ROBERTSON

AS RESULT OF STORM
Damage of approximately \$2,500 was done to the stock of the Komiss-Robertson company, women's furnis-
ers, 405 to 407 Main street, when wa-
ter which had backed up on the rear
porch of the roof of the MacMillan
building as a result of the heavy rain
fall yesterday, seeped through the
roof of the structure.

But for the fact that Manager
Charles Kellogg of the company was
in the front part of the store at 6:15
o'clock last evening when the water
first entered, the damage would have
been much greater. Mr. Kellogg suc-
ceeded in moving a good share of the
stock before the water reached it.

The loss is confined to muslin un-
derwear, waists, corsets, dressing
sacks, skirts, kimonos and some suits.
The water on the floor at the rear
of the store reached a depth of over
three inches during the evening.

WAS 20 POUNDS HEAVIER

Windy City Pug Outweighed Spartan but Lacked Necessary Cleverness

Before an audience of about 600 fight fans from every city in south-western Wisconsin, Arthur Nelson, the Sparta heavyweight, last night demonstrated to the satisfaction of his friends that quality goes farther than quantity when he put the sign on George DeBray of Chicago in a stiff two round engagement in Bangor. Although outweighed by nearly twenty pounds by the Chicago pugilist, Nelson had him at his mercy within ten seconds after they shook hands in the ring. DeBray never had a chance. DeBray undertook to fight the Spartan in the place of John Wille, of Chicago, who was unable or unwilling to keep his date with the husky farmer in Bangor last night.

Last night's exhibition was probably the last fight Nelson will appear in in this part of the country. He is planning on making a try at the game in the east in the hope that he can break into fast company. There is little doubt in the minds of the fans hereabouts that Nelson will realize him ambition in a very short time.

From the tap of the gong until Referee Art Schepke motioned the men to their corners at the end of the fight, they mixed at close range. DeBray served the first clout to Nelson's jaw but was unable to stagger the Spartan. Nelson made quick return with short arm body jabs and hook to the jaw. Three times they clinched dividing the honors on the breakaway. Neither man passed up a chance in the first round and the work of both was very fast. Nelson, however, managed to land about three to the Chicagoans one.

The Spartan took the offensive in the second and sent DeBray to his knees with a straight right to the jaw. Referee Schepke swung his arm four times before DeBray got his feet. A clinch and exchange of body blows resulted in the Chicagoan's again taking to his knees and he was groggy when he faced the Spartan again. It was a very simple operation to lay him away the third time and the fight, although scheduled to go ten rounds, was conceded to the Spartan.

Napoleon Lindsey of Bangor, who fought the five round preliminary with Arthur Lewis of Gary, Indiana, much to the discomfort of the Hoosier, then undertook to stay four rounds with Nelson. The plucky exhibition put up by the Bangor negro immediately won the approval of the fans. Although outclassed in skill and weight by the Spartan, he fought gamely and with a relish. The first three rounds were as pretty an exhibition of fighting as have been seen in these parts for a long time, but the fourth found the black in distress and had Nelson so desired he could have put him away without trouble.

The negro tied in from the start and took and gave wallops that would have been chloroform to a much bigger man but he was unable to do any damage to the sturdy Spartan. Nelson proved his ability to take as well as administer punishment. He kept his head at all times and proved a real master of the game. That he has a knockout punch he demonstrated to the satisfaction of the fans in his mix with DeBray and his defense resisted DeBray's best efforts. Neither did the negro find an opening for anything of real damage.

Although Lewis, the Gary boy, put up a game battle in the preliminaries, he was outclassed all through and saved himself in every crisis by clinching.

In his opening speech to the fans Promoter Schepke advocated the formation of a sporting club of the fans of this section of the state to promote the game. It is probable that steps will be taken in the near future for the organization of such a club.

About twenty sport followers from La Crosse were present at the bout.

NEPHEW PLANS TO BRING DIAZ BACK

Believed Former Dictator Will Be Reinstated if New Revolution Bests Madero

MEXICO CITY, Oct. 18. — That General Felix Diaz is supported by his uncle, ex-President Diaz, and that the latter will become president again if the present uprising is successful, was the general impression here today. Officials of the Madero government hardly tried to imitate the chief executive's pretense of optimism. Some of them said openly they considered the situation very grave.

The most alarming feature is that, being in possession of the port of Vera Cruz, the Diaz party will have no trouble in bringing in arms and ammunition, the lack of which has so seriously hampered the operations

GOLD DUST not only cleans, but sterilizes

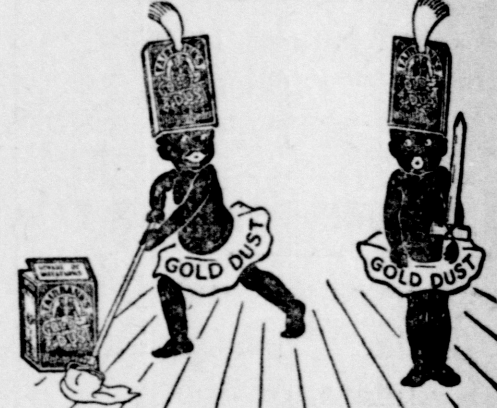

Gold Dust does more than wash the surface—it digs deep after germs and hidden particles of dirt and decay. It purifies and makes everything sanitarly safe. Neither dirt nor germs can live where Gold Dust has made its appearance.

Gold Dust needs little help from you; it does most of the work alone. It is a vegetable-oil

soap in powdered form, to which are added cleansing and purifying ingredients which get busy the moment they touch the water.

Use Gold Dust for all cleansing purposes. It saves time, saves labor, saves backs, and saves money.

The Mop is Mightier than the Board

"Let the GOLD DUST TWINS do your work"

THE N. K. FAIRBANK COMPANY, Chicago

STEVE EVANS

Right fielder of the St. Louis Cardinals and one of the heaviest hitters on the club, who will be seen here next Sunday at League Park

of the rebels in the north.

Many towns throughout Mexico today reports showed, are indorsing yesterday's proclamation of General Diaz as provisional president.

The chamber of deputies voted against adopting Querido Moheno's resolution demanding the resignation of the Madero cabinet.

CRACK SAFE IN ALLEY

MOORE, Mont., Oct. 18.—After carrying a safe weighing 500 pounds from a local saloon into an alley, burglars early today worked over an hour with tools from a blacksmith shop before they cracked it and obtained \$300 in cash. Neighbors thought the pounding was being done by the blacksmith.

DID A BIG THING FOR LA CROSSE

We presume it is typical of other countries, as well as of America, that people are prone to quickly forget the services rendered in their behalf by public servants, and to veer to every passing breeze of illogical sentiment without due regard for their own personal interests.

We believe, however, the people of La Crosse county have shown greater consistency in these matters than do the average people of the average community.

For instance, to remind the taxpayers here that Tom Morris and J. E. McConnell were responsible for the bringing of the great state normal school to La Crosse, is in our opinion all that is necessary to have that fact taken into account on election day. No single act performed by state legislators has been of so great benefit to La Crosse as this; certainly it will not be forgotten before Nov. 5.

WHAT WILL HEIRESSSES SAY

A plea for early marriages has been made by Dr. Charles W. Elliot, president emeritus of Harvard college, in a talk to the freshmen of that famous university.

Dr. Elliot advises all students to marry before the age of 30 if possible, or at least while they are young enough to become grandfathers and be proud of it. If this one fact alone is not sufficient to make the freshmen eager and anxious to wed right away, he adds another reason which is enough to furnish food for thought for some time. He says:

"It is one excuse to say that you wish to give a girl the luxury that she has had in her parents' home. If the girl has been brought up in too much luxury, the sooner she is given a chance to live differently, the better."

Dear old Dr. Elliot, with his fine appreciation of the most beautiful qualities of womanhood, and his utter unworldliness and lack of discernment of modern conditions.

This places matrimony on a high plane, but it is doubtful if the ordinary heiress whom the freshman Johnny meets at the occasional "hops" is made of the stern stuff out of which heroines are made. It is doubtful if the girls who aspire to wear college fraternity pins on their shirt waists would care to give up their costly gowns, their Parisian hats, their daily visits to the masseur, the manicurist, their corsage bouquets of violets, fresh every morning, for the sake of scrubbing floors in a tiny flat just built for two.

We may be doing the heiresses of the country a great injustice. Dr. Elliot may possess a wisdom on these subjects beyond our ken. The suggestion, at least, is a valuable one and all the college freshmen need to do, in order to prove the theory, is to start proposing right and left and see how many signatures they can secure to the petition to start life as their fathers and mothers did, possessing a wealth of love, but no motor cars or other luxuries.

In theory no one can dispute the wisdom of Dr. Elliot's advice. But practice is such a very different thing.

THE WONDERS OF SCIENCE

"The small hot bird" may be expected to grow cheaper before long.

This is due to the recent discovery that ducks and other wild birds may be hatched like domesticated chicks and tame barn-yard fowls, via the incubator process.

most every instance, every egg in the set hatched. The average for the season was 92 per cent, and this is considerably better than the general average most poultry raisers attain.

Not only were the ducks hatched successfully, but they were reared with very little trouble. Exceedingly rare specimens like the red-neck canvasback and bluebill thrived in their new environment and were perfectly contented. This will undoubtedly pave the way toward undertaking the raising of wild birds on a large scale.

And, as though our cup of joy was not already brimming over, we receive the glad news that a Russian scientist believes eggs will soon be made from air. Nitrogen, oxygen, sulphur, and hydrogen are all combined in that complex compound—the egg. Dr. Paul Waldon of Riga, Russia, solemnly assures us we may confidently expect an atmospheric egg which will taste just as good as a newly laid one from the motherly hen.

In which case we will be having eggs raining upon us instead of cats and dogs.

WHAT A CHILD OF SEVEN KNOWS

Teaching by the use of object lessons has long been the accepted method of presenting new facts to pupils. That it is also the most effective way to teach the differences between normal and abnormal development of children has been demonstrated at the National Hygiene exposition at Washington.

The mental and physical attributes of two boys from North Carolina afflicted with hookworm were compared with those of two children from prominent families, and some striking facts were brought out in the comparative examinations.

Physical measurements, blood pressure tests, examination of the teeth, eyes, ears and analysis of the child's disposition were made in each case.

Among the facts brought out in this test, it is interesting to note that a child of seven years of age should be able to count up to thirteen, touching an article representing each progressive number as he counts. He should be able to repeat the days of the week, make change in simple sums, recognize the principal colors, tell time, pick out the missing details in pictures, and be able to draw these missing features as well. Any child not able to do these things has been retarded in his development in some psychological way.

One of the boys tested, at the age of six was shown to have the development of the average boy of nine, and his father explained this by saying that, since one year of age, the child had been fed chiefly on bananas and milk, and meat only during the last year.

The two hookworm subjects, aged fourteen and seventeen years, showed the mental development of boys only nine years of age.

Without any further comment it is evident that the national campaign in the south against the hookworm is not only needed, but that it has already more than paid in the number of people who have been restored to normality.

The "too many laws" of which the Karel supporters complain are almost without exception laws that restrict monopoly and help the plain people, laws that check the greed of capital and relieve the wage earner. The truth is, there are "too many laws" to suit big business, which means a great many laws to help the ordinary individual.

It has been a matter of some pride in this section that Otto Bossard, state senator from this district, arose in a single term to undisputed leadership of the progressives in the senate. Shall not that just pride exert a conclusive effect at the polls November 5th?

When the man who is working for wages finds his employer opposed to a law affecting working conditions isn't it a good tip to get on the other side and boost?

By the way, about \$2,000,000 of state taxes have just been remitted by the state treasurer. The Karel men will have to revise their calamity figures.

None of his opponents have suggested that Andy Thompson has not been the very best kind of a register of deeds. And if he has, where's the issue?

Neuritis is a new disease. It can be cured by walking and smelling the smudge as the machines go by.

Governor Wilson invited Ty Cobb to lunch. He probably wanted to find out how to make a good run.

Quips and Cranks and Wanton Wiles

Easy

There are numerous ways to be happy. There are numerous ways to be gay. But the generous feller, Big-hearted and meller, He has doped out the easiest way.

A feller don't have to be wealthy. By makin' his brother men glad, Because it's reflected, Right back unexpected, The best joy a man ever had.

A feller don't have to be wealthy. To play a philanthropist's part; He must just be cheerful. To always be cheerful. And keep the sunshine in his heart.

I'd rather shake hands with a feller Who's got a glad smile on his face Than one with a million, Or even a billion, Who's lacking in that savin' grace.

It costs not a cent to be cheerful. Or to give a warm clasp of the hand, Sometimes it is bunk. And the feller's a hunk, But it don't hurt you none, understand.

We all love the things that are pleasant.

A feller that spreads lots of salve May come just to flatter, But that doesn't matter. He's a purty durned good friend to have.

Little Left to Say

A police magistrate in a Missouri river town had one speech which he used upon all offenders of a class. He would lean forward in his chair, fix the unfortunate with a glare sufficient to wilt the most turbulent spirit, and rasp:

"Ye're accused of bein' a vagrant; runnin' around over th' country without any visible means of support; bein' lazy, lousy an' shiftless! What have ye to say for yerself?"

Few had the temerity to say anything.

Mary met Emily on the street. They had not seen each other for many years.

"Why, how do you do?" exclaimed Mary, effusively, topping off the salutation with a few vague pecks at Emily's face.

"Now, this is delightful," said Emily, who was older than Mary. "You haven't seen me for eleven years, and yet you know me at once. I couldn't have changed so dreadfully in all that time. It flatters me."

Said Mary: "I recognized your bonnet." Popular Magazine.

Last month a Cleveland traveling man was married and was given a month's vacation. He and his bride have been passing their honeymoon in a quiet summer resort.

The other evening as they entered the dining room and sat down, as usual, in a secluded corner, the young husband noticed a good customer at the table near by.

"Say, dearest," he whispered, "there's Mr. Jones over there. You won't mind if I go over and dine with him, will you? Think how fine it will be if I get back from my wedding trip with a smashing big order."

The little bride agreed, rather ruefully. Her traveling man hurried over to Jones and shook hands with him and ordered his dinner, which included roast lamb. Then he began to talk business.

He was so earnest about it that he didn't notice that the waiter removed his meat dishes and placed a dessert before him. Then suddenly he looked down at his plate and exclaimed:

"Why, where's my lamb?"

A little voice in the corner piped out, "Here I am, dear."—Buffalo News.

Stubborn Colds May Lead to Consumption

Did you ever have a cold that would not let go; a cough that persisted, that prevented sleep and made waking hours miserable? Eckman's Alternative is the proper remedy in such cases. Perhaps some simple medicine may be effective where it is only a tickling in the throat; but when your chest is sore and simple remedies don't answer—then take Eckman's Alternative. Neglect often leads to more serious trouble; a case in point follows:

718 Cherry St., Phila., Pa. "Gentlemen: In July, 1905 I first noticed the conditions that showed I had Consumption. I lost weight rapidly; had a hollow cough, hemorrhages and very severe night sweats. My brother recommended Eckman's Alternative. In the fall of 1905, I began to take it. At this time I am perfectly well and robust. My appetite is good and my weight has increased from 110 to 140 pounds. Not a trace of my old trouble remains. I will gladly express the merits of this medicine to anyone." (Signed) M. L. GERHARDT.

Eckman's Alternative is effective in Bronchitis, Asthma, Hay Fever, Throat and Lung Troubles and in upbuilding the system. Does not contain poisons, opiates or habit-forming drugs. For sale by Geo. E. Marlner, Chas. Beyschlag and other leading druggists. Ask for booklet telling of recoveries, and write to Eckman Laboratory, Philadelphia, Pa., for additional evidence.—Advertisement.

"I Don't Chafe Any more!"

KUCO No-Chafe POWDER

—stops chafing instantly and keeps it stopped.

Kuco No-Chafe Powder is a new discovery by an old, long established firm of pharmaceutical chemists. The first and only toilet powder ever made which actually stops and prevents chafing. Also overcomes the unpleasant effects of perspiration, always prickly heat, vanishes sunburn.

The only toilet powder that stays where you put it—a soft, velvety, almost invisible film—till you wash it off—on neck, shoulders, arms, pits, waist, feet or thighs—wherever you chafe.

Get Kuco today—and chafe no more! Sold by all good druggists, at 25 cents a box, with revolving sifter top.

To ask your druggist for Kuco No-Chafe Powder distinguishes you as a user of the finest toilet requisites, insistent upon the most immaculate of personal care.

THE KUCO COMPANY, MILWAUKEE, WIS.

SPOTLIGHTS

"The Missouri Girl"

"The Missouri Girl," which will be the offering at the La Crosse theater Saturday and Sunday, matinee and night, has been on the road continuously for fifteen years and for the past six years two companies have been presenting this ever popular play. It has been seen in every state and territory in the union, with possibly two exceptions, and last season one company toured Canada, where the play met with the same remarkable reception that has characterized its tours of the United States. The popularity of the play is not limited to any particular section. Wherever it goes it is the same story, crowded houses and delighted audiences.

Other plays that have been before the public deteriorate and frequently managers foist inferior companies on the public with low salaries actors in the principal roles. Fred Raymond has always kept his companies up to standard and that is probably the reason for his remarkable success with this sterling comedy.

"The Simp and the Singer"

A feature of the evening's entertainment at the La Crosse theater on Tuesday, October 22, that will long be remembered for its absolute novelty and originality is the specialty presented by Franklin and Phillips entitled "The Simp and the Singer." All along the line this single feature has been spoken of for days after the company left town and proclaimed as worth the price of admission even though presented as the only thing on the program. Anyone who cannot laugh at the quiet, unpretending actions and the quaint though ridiculous sayings of "The Simp" should see a doctor at once. This act has been almost a riot over the Interstate vaudeville circuit for 22 weeks, the audience screaming at this "fool fellow" as they call him. He is a sure cure for the blues and an easy antidote for the grouches.

Here Tonight

Maud Powell's fame is based on the same sort of testimony that Kreisler's is, of Ysaye's. If we have never heard her we have heard enough about her to justify a big attendance and perfect confidence in the bigness of her genius.

Genius, by the way, is a big word to employ in connection with the art of any woman. It just fits Madame Powell. It is in unison with her remarkable art. It is a "prime" in the expression of her gifts. To say that she plays as well as a man would be to flatter all the men in the world. To say that she plays like an inspired woman would be to suggest a restriction of feeling and fire and strength, which the facts would not justify. She plays like an artist, whose natural endowments have been carefully cultivated. She fingers and bows as well as thinks. What she feels she interprets out of the messages of the masters whose works she comprehends.

The personality of this woman and her violin are on such fine, good terms with each other than the usual questions of mastery or lack of it never come to mind. Madame Powell is a consummate artist and a musical live wire charged with tremendously high voltage.

La Crosse music lovers will have the opportunity of again hearing Madame Powell tonight, when she will appear at the La Crosse theater.

Looked Like It

One day the children in a New York school were given a lesson about the cow. The next day a coconut was brought in for their inspection.

When the big nut came to Rosie Goldberg, she happened to shake it and heard something lapping inside. "What's that?" she asked.

"That's milk," Rosie took another look at the nut and asked: "Did the cow lay it?"

Positions of trust and aching teeth are hard to fill.

HE COMES UP SMILING

CHAPTER XIX. A Broker Prince.

"I am going," said Billy with determination.

"We can't leave the general alone," objected Bartlett.

"I don't see how I would be able to help the general any," returned Billy in injured accents.

"I thought you could push him in the car," explained Bartlett with gentle sarcasm.

"You all wait here," said the Watermelon. "I will go and get you something to eat and see about having the car towed, also about rooms for the night."

"Why not all go?" pleaded Henrietta. "Why wait here starving?"

"I can go faster alone," answered the Watermelon.

"Certainly," certainly," seconded the general. "He would have to help you girls over every wooden fence and under every barb wire one we came to. You would probably even then get stuck on one or under the other."

"I never get stuck on anything," contradicted Billy perversely.

Henrietta laughed. "Billy, cheer up. The worst is yet to come."

"That house may be empty," said the Watermelon. "Then we would be all over there and have to come back."

"We've been in empty houses before," said Henrietta crossly.

"But what good would that do, to be over there without food?" asked the Watermelon.

"But what good to be here without gasoline?" retorted Henrietta. "I can not leave the car," reiterated the general.

"Father," exclaimed the exasperated Henrietta, "some night I will find that you have taken the car to bed with you."

"Suppose we leave the car here—" began the general argumentatively.

"We can't," sighed Henrietta. "Such a supposition would be impossible with you the owner of the car."

The Watermelon laughed. "Aw, cut out the conversation," said he. "I will be right back."

"So will I," said Billy.

Now the Watermelon objected. He did not feel equal to a tete-a-tete with the adorable Billy, adorable still, though a bit cross.

"Cut out the conversation," mimicked Billy, and scrambled with more speed than grace under the broken bars of the worm-eaten fence.

The Watermelon leaped the fence after her. Henrietta slipped under the fence after the Watermelon. Bartlett hesitated one moment, glanced guiltily at the deserted general and then followed Henrietta.

Billy and the Watermelon were young and light of foot and soon outdistanced the stout Bartlett, who did his gallant best to keep up with the nimble Henrietta, but found that the years of good living told against him.

Henrietta waited politely for him at the stone wall which Billy had just scaled and the Watermelon jumped.

"What are you hurrying for?" asked Bartlett, removing his hat to wipe his heated brow.

"I am sure I don't know," laughed Henrietta. "Monkey see, monkey do, I suppose. That is why there is such a thing as style. No one thinks."

"If we waited here," suggested Bartlett, "our dinner would come to us."

"As the office to the man," agreed Henrietta.

"Precisely."

Henrietta sat down on the wall and Bartlett leaned beside her, gazing over the field to the distant woods. He felt thoroughly comfortable and contented. No matter what happened now, Bachelor could not reach the city by Saturday.

The cotton ring was saved. A typical Maine landscape, rugged, hilly, beautiful, with the long shadows of approaching evening creeping across the fields. From where they rested, the farm seen from the road was hidden from sight. The whole place seemed desolate, primeval, with a beauty and charm that were all its own.

Henrietta drew a quick sigh of pleasure and fell silent, with dreaming eyes wandering into the mysterious shades of the distant woodland, her hunger for the time forgotten. The place, the time of day, just at eventide, suggested romance, the one man and the one woman, and the world was lost, but that attained. She wished she was Billy, young and foolish and pretty, and that Bartlett was the Watermelon, long-limbed, broad-shouldered, with the glory of youth that sees only glory down the pathway of the future.

Bartlett broke in upon her reveries. "See that hill?" and he waved toward the slope ahead of them.

Henrietta nodded, still wrapped in her dream. "The hill of life," said she, "with glory at its top."

"A railroad," said Bartlett, "proceeds matter-of-factly, a railroad has been cut through the hill. See, there go the children, suddenly out of sight."

Henrietta came back to earth. "How do you know? Maybe there is just a steep incline the other side and that is why they disappeared so quickly."

"No, there is a cut up there. Don't you notice how abrupt it looks, and there are no trees or

They haven't had time to grow since the cut was made. And those big humps, see, covered with grass, they are the earth thrown up out of the cut. It's the Grand Trunk. It runs through Maine, you know, into New Hampshire.

Henrietta nodded and frowned. "There is no more romance," and she threw out her hands with a graceful gesture of hopeless disappointment. "It went when the first steam engine came."

Bartlett looked at her, amused, with a man's tolerance. "What do you want romance for? A railroad pays better."

"Pays, pays, pays," cried Henrietta. "I want something that doesn't pay—that isn't associated with returns. You men have nothing but a bank-book for a heart. It's so lovely here, so quiet. Don't you feel it? With the shadows creeping across the pasture? I was young and beautiful."

"And a princess."

"No, a goose maid. My hair was brown and thick and hung over each shoulder in two long braids. I was bare headed, with sleeves rolled to the elbow of my shapely arms."

"You would have got malaria," said Bartlett. "It's very damp here. I think there must be a pond over there in the woods. You can hear the frogs."

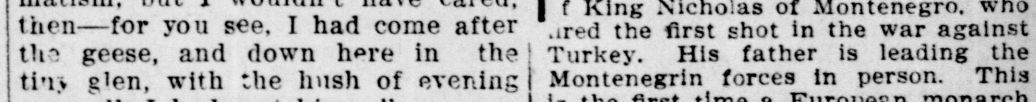

"Oh, yes," agreed Henrietta. "I would have had malaria and rheumatism, but I wouldn't have cared, then—for you see, I had come after the geese, and down here in the tiny glen, with the hush of evening over all, I had met him—"

"Who? Me?"

"My lover," said Henrietta. "Me," said Bartlett softly, and to Henrietta's surprise he laid his hand gently on hers.

(To be Continued)

HE FIRED THE FIRST SHOT IN BALKAN WAR

Prince Peter.

There's something old fashioned in those Montenegrins. They seem to think that royalty should take an active part in the country's wars. It was Prince Peter, the youngest son of King Nicholas of Montenegro, who fired the first shot in the war against Turkey. His father is leading the Montenegrin forces in person. This is the first time a European monarch has led his armies in the field in over a century and a half.

The epicure hates to waste his appetite on cheap food, and no wonder.

ALL YEAR SCHOOL BECOMES A FACT

Many Institutions Now Remain in Session from End to End of Year

A few years ago the idea of school or college all the year round would have been hotly derided; today it is an established fact in a number of educational institutions, public and private. It is not merely that the summer session has been widely introduced, but the summer work, from being a purely voluntary and separate affair has come in some instances to be an integral part of the year's work, according to reports received at the United States bureau of education.

The Harvard engineering school is a recent instance among higher institutions. The course for the master's degree in engineering at Harvard now takes two years, and there is no summer vacation. The course is divided into first summer, first year, second summer and second year. The students work from 8 to 10 hours a day, and the total vacations in a year amount to about four weeks, the time being chiefly at Christmas and in the spring. The summer term begins June 22 and closes September 22. A number of other universities follow a somewhat similar plan. The University of Chicago has for some years maintained a summer term having equal weight with the three other quarters of the year.

Even in the elementary school the plan has made some headway, particularly in the large cities. Cleveland, Ohio, formerly had an all-year schedule which included the summer term as one of four quarters, and a modified form of the Cleveland plan is in use in Newark, N. J., where it is being gradually extended from year to year. In the New York city schools, where the problem of sufficient school accommodations is a serious one, the authorities have recently had under consideration an all-year plan which will, it is claimed, take care of practically all the children without recourse to half time. An interesting indication of the attitude of the students themselves toward the all-year plan is afforded by the new Central Commercial and Manual Training High school at Newark. Thirty per cent of the pupils of this school voted in favor of continuing the school throughout the summer.

It is claimed by the advocates of the all-year plan for public schools in the large cities that the children are healthier and happier in school than on the streets. It is further urged that by taking advantage of an optional summer term children who are compelled to leave school at an early age will be able to advance further in the grades than at present. Backward pupils will also have an opportunity to make up back work, but this has always been more or less a feature of summer sessions. In the case of the higher institutions, particularly the technical, the new movement for all-year work is undoubtedly part of the nationwide demand for scientific efficiency that is making itself felt in every phase of American life. The feeling is that education, especially of an advanced character, is not child's play alone, but serious business, and should approximate the conditions of efficient business.

Dr. and Mrs. R. M. White and the senior nurses of the Prairie du Chien sanitarium, at dinner on Thursday evening.

William Schweiger has closed out his stock of confectionery and will fit up his place of business for a restaurant and lunch room, expecting to be ready for customers the first of next week.

Sheriff A. N. Scoville this week disposed of his interest in the Scoville and Campbell livery business to Peter O'Shaunessey, who moved to the city a year ago from the town of Marietta. The new firm will be known as Campbell and O'Shaunessey.

Miss Alma Garrow is employed in the office of Albert Weeks, register of deeds, this week, helping get out abstracts.

Probate Judge Alvin B. Peterson is attending circuit court in Lancaster this week.

Thomas Taylor, cashier of the Farmers and Merchants state bank of Seneca was a business visitor in Prairie du Chien Wednesday.

J. H. Peacock made a business trip to Seneca and Mt. Sterling Wednesday.

Joseph Fogarty of Bridgeport was in the city Thursday. Mr. Fogarty has recently purchased the Thompson farm in the town of Bridgeport from William and Frank Garrow and their sister, Mrs. Levina Kenyon.

Rev. J. A. Coates, a retired M. E. minister and a veteran of the civil war, lies very ill at his home in the Third ward.

The local Eerie of Eagles held a banquet at the Dousman House on Wednesday evening subsequent to initiating a class of five new members.

Ex-Sheriff A. L. Stowell of Gays Mills, is in the city attending to business matters.

John C. Karel of Milwaukee, democratic nominee for governor, will address a political meeting in Prairie du Chien Saturday evening.

A leak in the C. & B. Q. water main leading from the Mississippi to the company's tank near the depot in the Third ward is being repaired. The break is in a section of pipe under five feet of water in the St. Feriolo slough.

A man seldom realizes that he's a fool until other people have known it for years.

PALE AND SICKLY BOYS AND GIRLS

Youth is the time to lay the foundation for health. Every boy and girl should have plenty of pure, red blood and strong nerves. With thin, impure blood, they start life with a handicap too great to win success and happiness. Pure, red blood means healthful growth, strong nerves, a clear brain and a good digestion. In a word pure blood is the foundation of health.

The pale, irritable boy or girl, who has no appetite or ambition, is sleepless, always tired out, melancholy, short of breath and who does not grow strong, is the victim of bloodlessness, the greatest enemy of youth.

There is just one thing to do for these boys and girls—build up the blood with Dr. Williams' Pink Pills for Pale People. You can't afford to experiment with unproven remedies. Through neglect or wrong treatment anemia gradually develops into the pernicious form which is incurable. Dr. Williams' Pink Pills work directly on the blood, cleansing it and giving it just the elements which it lacks. As the pure blood goes everywhere, the entire body, every nerve, muscle and tissue, shares in the health-giving properties of the pills.

Mrs. C. P. Hanville, whose address is R. F. D. No. 2, Milan, Ohio, says: "I had been almost an invalid for years and was thin from my girlhood. I was anemic and my blood was turning to water. My heart troubled me a great deal and would beat so fast at times that I could hardly stand it. I became very weak and thin and was reduced in weight from 130 pounds to 90 and my complexion was yellow. My family and friends thought I was going into consumption. I was in bed for six weeks at one time and was unable to do my housework for over a year."

"I was told by a doctor that I was suffering from anemia and could live only a short time if I did not get help. I decided to try Dr. Williams' Pink Pills and soon began to have an appetite. It seemed as though I could not eat enough. My strength gradually returned and I had a good color. I gained 30 pounds in weight and have been well since."

A free booklet, "Building Up the Blood," will be sent on request.

Dr. Williams' Pink Pills are sold by all druggists, or will be sent, postpaid, on receipt of price, 50 cents per box; six boxes for \$2.50, by Dr. Williams' Medicine Co., Schenectady, N. Y.

HEIL SHOE CO. HAVE FREAK CALF

The Fred Heil Shoe Co., have in their window in connection with their regular display of fine shoes, one of the oddest freaks of nature ever exhibited in this city.

The oddity is a perfect calf having two well formed heads, six legs, and two tails. It is 34 inches long from nose to tail. Twenty-two and one-half inches from nose to nose, and twenty-two inches high. The calf was born on a farm ten miles west of Viroqua, being taken from the mother after she died, it being impossible for her to give birth to it. The calf or calves, is mounted in the most natural way possible, and viewed from the front looks just like two calves.

Minshall Bros., prominent veterinarians of Viroqua, are the owners of the freak, and vouch for its genuineness, there being over two hundred persons who saw it before it was mounted.

Lovers of the odd in nature will be able to see the calf in the Main street window all next week, and anyone who is interest in things of this kind should not fail to see it.

People never credit a man's virtues as long as he has a vice.

DON'T PULL OUT THE GRAY HAIR

A Few Applications of a Simple Remedy Will Bring Back the Natural Color.

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old fashioned "sage tea" which our grandparents used. The best prepared balanced and tested by experts, Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair.

This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists, Special Agent, O. T. Erhart, 518 Main street.—Advertisement.

MAJESTIC ACTORS ABQUAINTED HERE

Jean Weir and Company Are Parents of Child Born at La Crosse Hospital Now Living Here

Jean Weir and company, presenting "His Last Offense," are the real features of the bill at the Majestic this week. Their act is a good one, one of the best that has appeared at the theater in many a moon, but that is not the real interest that La Crosse people have in Jean Weir and company. Both are in a way La Crosse people, and more than any other people on the stage are close to the heart of local patrons.

Miss Jean Weir is only Miss Weir for the purposes of the program. In private life she is Mrs. Jack Carrington. Jack Carrington is the man who plays opposite her in the play-let they are presenting at the Majestic this week. Mr. and Mrs. Carrington are parents of a child that is a real La Crosse citizen in fact. Beverly Carrington was born at the La Crosse Hospital five years ago. She has been under the care of Miss Ingerson, superintendent of the La Crosse Hospital ever since. Her parents have been forced to leave her here because of the uncertainties of life on the road.

La Crosse is for them the real bright life of the whole circuit. The companionship with their little daughter means more to them than the applause of any audience.

Saturday afternoon little Miss Carrington will give a box party to her friends in the Majestic Theater, that they may see her papa and mama act. The boxes will be specially decorated for the occasion, and the affair will be the event of the little girl's life. Jack Carrington five years ago worked on the circulation staff of The Tribune. He has played here in stock as well, and it is doubtful if ever there has been an actor at the Majestic better known here.

Dugan and Raymond in "A Messenger Boy's Courtship," were a veritable riot last night. They struck off the first time they spoke, and thereafter they had nothing to do but spring their stuff. Old and new, it went like hot cakes, and when the act closed, the pair were clamorously invited to come back and repeat.

Miss Annetta Bartling, lady juggler, surprised the audience by her feats with all the tools of the juggler's profession. She proved herself efficient and performed a number of original feats that brought forth applause.

The Swain and Ostman trio have an acrobatic act of great merit, introducing many new and startling stunts. They were a hit all the way through last night, their comedy getting over as well as their difficult tricks of tumbling.

CHASEBURG, WIS.

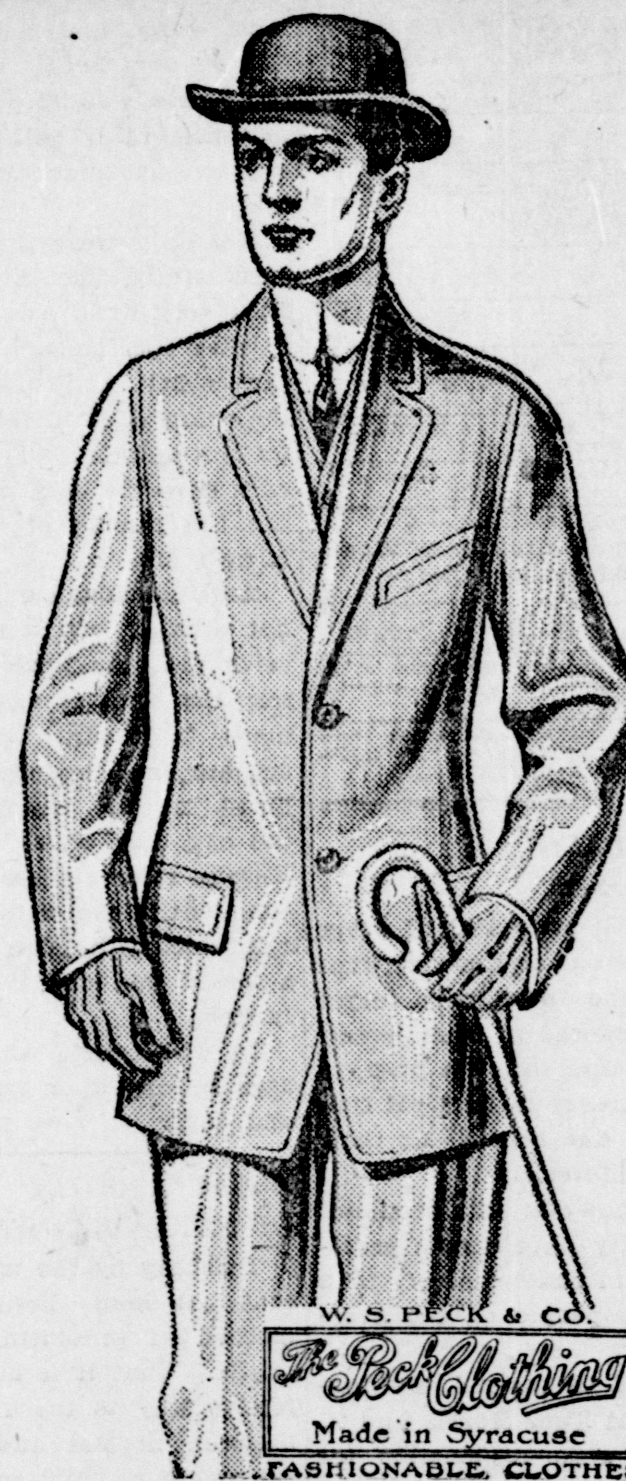

A number of people from Chaseburg and vicinity spent a pleasant afternoon at the meeting of the German L. A. S. last Thursday, given at the home of Charles Lenser.

S. W. Hoyt and wife returned home Tuesday from Chicago where Mr. Hoyt has been transacting business the past week. They also visited at the home of Mrs. Hoyt's mother while in the city.

On Tuesday, Oct. 29, John Hellwig of North Ridge, is to hold a large auction sale of personal property. After disposing of all his personal property, Mr. Hellwig will move to Chaseburg, where he has recently purchased a dwelling.

Wednesday evening, Oct. 9, Shunagavi entertained a large crowd at the Grosskopf hall, under the auspices of the Midland Lyceum bureau. The next number of the course for this season will be the Royal Male quartet, who will give an entertainment the evening of November 5th.

Saturday evening Mr. and Mrs. D. Remer entertained in honor of Mrs.

From the lamb's back to your back

W. S. Peck & Co. Clothes are made of first quality, all wool, made right. The Peck label insures quality clothes that you can depend upon. FIT is their strong feature. They are made in so many sizes and models that it is possible for any man of any proportions to secure a fit every bit as good as the best tailor can produce from measurements.

We can fit you in the very best suit your friends will admire on you and the price will be the most modest you ever paid for equal value.

For \$18.00

we'll show you as good value as can be bought elsewhere at \$22.50 to \$25.00. We also show strictly all wool suits at

\$10.00, \$12.50 and \$15.00

THE BIG FOUR

115-117 SOUTH FOURTH STREET

Kaiser of Park Falls. A pleasant evening was spent playing Five Hundred, after which refreshments were served.

Last Saturday occurred the quarterly audit of the books of the Chaseburg State bank by the directors of that institution. All accounts were found in a prosperous condition.

Oscar Larson of the firm of Larson Bros., proprietors of the Monumental Works in Viroqua, spent several days of the past week at their branch office in Chaseburg.

Wm. Wrobel has sold his farm north of Chaseburg and is moving his household effects into the H. Hoff residence in the village.

"My wife," said Mr. Clarke, "sent \$2 in answer to an advertisement of a sure method of getting rid of superfluous fat."

"And what did she get for the money? Was the information what she wanted?" asked Mr. Simmons.

"Well, she got a reply telling her to sell it to the soap man."—Harper's Magazine.

It doesn't follow that a frenzied financier would make a successful farmer because he knows how to water stock.

BEAUTY DOCTOR TELLS SECRET

Detroit Beauty Doctor Gives Simple Recipe to Darken Gray Hair and Promote its Growth

Miss Alice Whitney, a well-known beauty doctor of Detroit, Mich., recently gave out the following statement: "Anyone can prepare a simple mixture at home, at very little cost, that will darken gray hair, promote its growth and make it soft and glossy. To half pint of water, add 1 oz. of bay rum, a small box of Barbo Compound, and 1/2 oz. glycerine. These ingredients can be bought at any drug store at very little cost. Apply to the hair twice a week until the desired shade is obtained. This will make a gray haired person look twenty years younger. It is also fine to promote the growth of the hair, relieve itching and scalp diseases, and is excellent for dandruff and falling hair."

LA FRANCE
SHOE
for WOMEN

THOUSANDS of women have happily solved the problem of shoe satisfaction by wearing La France. For the street—for the home—for the fashionable function—there's always just the right La France model.

SAVES ELDERLY PEOPLE FROM KIDNEY AND BLADDER MISERIES

Sleep Disturbing Bladder Weaknesses, Backache, Stiff Joints, Rheumatic Pains Disappear After a Few Doses are Taken.

While people along in years are naturally more subject to weak kidneys, they can avoid the tortures of backache, and rheumatism, and be saved the annoyance of getting up at night with disagreeable bladder disorders, for the new discovery, Croxone, quickly cures the most severe and obstinate cases.

Croxone quickly and permanently cures these conditions because it removes the cause. It is the most wonderful remedy ever devised for ridding the system of uric acid. It is entirely different from all other remedies. It is not like anything else ever used for the purpose. Pills, tablets and other medicines merely stimulate the kidneys, occasionally giving temporary relief. Croxone makes the kidneys filter the blood and sift out all the poisonous acids and waste matter that cause these troubles.

It soaks right in and cleans out the stopped-up, inactive kidneys like water does a sponge, dissolves, and

drives out every particle of uric acid and other poisonous impurities that lodge in the joints and muscles and cause rheumatism. It neutralizes the urine so it no longer irritates the bladder, overcomes unnecessary breaking of sleep and restores the kidneys and bladder to health and strength, permanently and positively curing such troubles.

It matters not how long you have suffered, how old you are, or what else you have used. The very principle of Croxone is such that it is practically impossible to take it into the human system without results. There is nothing else on earth like it. It starts to work the minute you take it and relieves you the first time you use it, and all your misery and suffering soon disappear. You can secure an original package of Croxone at trifling cost from any first class druggist. All druggists are authorized to personally return the purchase price if it fails in a single case.

Maud Powell at the La Crosse Theater tonight.

WILSON TALKS IN PAJAMAS

ON BOARD WILSON SPECIAL CAR, CLARKSBURG, W. Va., Oct. 18.—For the first time since his speaking campaign began, Governor Wilson was caught in bed by a crowd today and was forced to appear in his pajamas.

No speech had been scheduled for Grafton, but several thousand people with a band met the special. The governor hurriedly hustled into his trousers, shoes and overcoat, and stepped on to the rear platform, where he shook hands and waved to

the crowd just as the train started.

TILL TO BE TRIED

ST. PAUL, Oct. 18.—"Dr." John Till, New Richmond, Wis., must stand trial in the Ramsey district court in the \$20,000 damage suit filed by Thomas J. Flaherty, alleging fraud in connection with plaster treatment administered. This decision was handed down by the Minnesota supreme court today on "Dr." Till's appeal on a demurrer, claiming that the charges did not constitute a basis of court action for fraud.

ST. PAUL FOUNDS LAGGARD SCHOOL

Inaugurate Teaching System for Boys Who Are Backward in Learning

ST. PAUL, Minn., Oct. 18.—Industrial schools for the laggards are being successfully conducted in St. Paul. This is the first city in the northwest to inaugurate this feature for the backward boys, who in many cities become discouraged after they have reached the third or fourth grades and leave school. The experiment begun a year ago proved a success and industrial schools are now regularly established.

The percentage of boys who leave school has decreased as a result. Industrial schools are holding them until they reach the eighth grade and are ready for the high school. Some of them at that time are ready to enter trades and enroll themselves as journeymen in a surprising short time. Others whose interest has been held and ambition stirred are entering high schools and advanced trade schools. But for the industrial schools these boys would have gone into the world with an imperfect training in the rudiments.

In St. Paul there are at present fifty and sixty boys taking the various courses in the industrial schools which will be enlarged and made available for more students as the funds are procured. Mechanical drawing, woodwork, draftsmanship, architecture, and general mechanics are among subjects taught, and each boy is given a thorough grounding in the three R's.

It is said that about 90 per cent of the male pupils quit school while in the grade classes and only about 2 per cent go through high school. The industrial schools are adapted to take care of this class.

BECKER DEFENSE GIVEN A SETBACK

Testimony of Two Witnesses in Accused Officer's Behalf Is Ruled Out

NEW YORK, Oct. 18.—The defense in the trial of Police Lieut. Becker, accused of the murder of Gambler Herman Rosenthal, suffered a serious reverse today. It had depended on former District Attorney William Travers Jerome to prove that Jack Rose's story of the telephonic conversation with Becker immediately after the killing, as the result of which Attorney Hart went to Harry Pollock's house where Rose was hiding and secured an affidavit that he (Rose) and not Becker loaned Rosenthal \$1,500 was false and that at no time did Becker tell Rose that 200 police were looking for him.

But Jerome had no personal knowledge that Rose was the other man on the wire, nor did he recollect the telephone number, and all of his testimony was ruled out by Justice Goff.

The next reverse came when Police Commissioner Waldo was called and the objections to his testimony were sustained by Justice Goff. He left the stand without his testimony being of any material benefit.

KENNEL CLUB MEETS

The postponed annual post show meeting of the La Crosse Kennel club will be held this evening in C. S. Van Auker's office. Secretary and Treasurer Harry Dell will give his report on the recent successful bench show.

POSLAM REAL FIRST AID WHEN THE SKIN AILS

Any abrasion of the skin, cut, boil, blister, rash or open sore spot, is dangerous as a possible source of infection leading to serious skin disease, and should be treated promptly with Poslam, the antiseptic healing remedy.

Poslam readily shows its power to kill germ life by stopping all itching and causing the trouble to disappear. Poslam acts in this manner in any skin disorder, including all eczemas, acne, salt rheum, psoriasis, skin-scale, seven-year itch, barbers' itch, and similar diseases. Minor affections, such as pimples, rashes, hives, etc., are quickly driven away.

POSAM SOAP keeps the skin secure against disease, improves its color and texture, soothes tender skin, makes complexions clear, hands soft. The best shampoo for dandruff.

Chas. A. Beyschlag, C. N. Euler, Hebbard & Co., and all druggists sell Poslam (price 50 cents) and Poslam Soap (price 25 cents). For free samples, write to the Emergency Laboratories, 32 West 25th Street, New York City.—Advertisement.

GIANT PLAYERS ARE FOR WILSON

Twelve of New York National Baseballists Back the Democratic Candidate

NEW YORK, Oct. 18.—Jack Murray, right fielder of the New York Giants, called on Dudley Field Malone, chairman of the Young Men's Wilson movement in the Fifth Avenue building and stated that he had organized a Wilson club among the Giants, consisting of 12 players.

Murray confessed that he was not a politician, but that the ball players discussed politics more than they did baseball.

"What I like about Wilson," said Murray, "is that he plays the game within the foul lines. He has speed and control and he knows the inside game of the conditions today. The difference between Governor Wilson and the other candidates is that he uses his inside knowledge for those on the outside and not simply for the gate receipts. The old fashioned game of politics is over and the new game is finer to play and fairer to see."

Murray says that he has signed up the following players: Marquard, Doyle, Devore, Robinson, Snodgrass, Shaefer, Hartley, Meyers, Merkle, Tesreau, Groh.

Murray said that Matty was hovering between Taft and Wilson and that Manager McGraw will be in line for Wilson before November 5th.

CONTRACTS LET ON HIXON ANNEX

Work of Building the Big Addition to High School Building Now Under Way

Work on the Hixon manual training and gymnasium annex to the high school, which was given to the city by Mr. F. P. Hixon, has been begun and it is expected that the big \$70,000 addition will be ready for occupancy the early part of next year. The general contract for the building, which will match the high school building in design and architecture, was let to C. W. Noble and the contracts for the heating and plumbing to Baker & Niebuhr. The wiring of the building will be done by the Pacific Electric company.

The big annex which will be presented to the high school will be located adjacent to the main building on the south side and will make the group of high school buildings more than half a block in extent. The contracts for the furnishing of the building will not be let until later.

The building will be two stories high and built of red glazed brick and trimmed the same as the main building. The gymnasium and swimming pool will occupy the greater part of the first floor while the manual training department will take up the remainder of the building.

HAVE DICTAPHONE LETTERS

INDIANAPOLIS, Ind., Oct. 18.—John J. McNamara, convicted dynamiter and secretary-treasurer of the ironworkers' union for several years used a dictaphone for dictation of letters. That the government was in possession of the dictaphone records and might introduce them as evidence in the dynamite conspiracy trial first was intimated today in the continued examination of Miss Mary Dey, one time confidential stenographer to McNamara.

ODD FELLOWS TO SMOKE

Gateway City lodge of Odd Fellows will enjoy a smoker and luncheon Monday night following the conferring of the third degree on a class of candidates.

Football is forbidden in the schools of Bavaria by a recent decree.

WOMEN'S HATS

For present day wear, of course, we begin with Velvet Hats, and black at that. Many exceedingly smart shapes, copies of the French, also in a score of Tam O'Shanter crown styles. Our prices begin for Velvet Hats at \$2.95 and up, and at these prices are far the best values in town.

CLOAKS

The styles are all with the collars buttoning up to the neck to keep the chest warm. Heavy weight Coats are just what you will want, as the cold weather is coming. We are prepared. If you are not, come and see what we can do in the way of a good cloak with style. Our prices are the lowest for Saturday.

ON THE JOB.

OMAHA RE-ELECTS OFFICERS

HUDSON, Wis., Oct. 18.—At the annual meeting of the Chicago, St. Paul, Minneapolis & Omaha railway, held here today, all officers and directors were re-elected for a term of three years. The executive committee elected includes William K. Vanderbilt, Frederick W. Vanderbilt, Marvin Hughitt, Chauncey M. Depew, Byron L. Smith, David P. Kim-

ball and W. A. Gardner. Authority was given for the purchase of 25 locomotives, 1,000 box cars and 16,000 tons of steel rails.

ROAD RE-ELECTS OFFICERS

ST. PAUL, Oct. 18.—At the annual meeting of the St. Paul and Sioux City railway, a subsidiary of the Omaha road, all officers and directors were re-elected for one

year. L. A. Robinson was elected director to fill the vacancy caused by the death of C. M. Bigelow.

GIRLS DIE LIGHTING FIRE

GRAND FORKS, N. D., Oct. 18.—Trying to start a fire in the kitchen stove with kerosene, Martha Adsem, 16, and her one-year-old sister were burned to death today.

IF A PENNY SAVED IS A PENNY EARNED—WHAT IS \$2.00 SAVED?

During Fair week we sold standard \$5.00 Westinghouse Electric Flat Irons for \$3.00 each. Since then, we have had so many people ask us to repeat this sale that we have decided to do so. Accordingly, we will again place these guaranteed irons on sale for tomorrow only at the special \$3.00 price.

We do not believe that you will ever again have such an opportunity to purchase an absolutely first-class iron for \$3.00. We know that we shall not repeat this offer and doubt if any one else can afford to do so. These irons cost the dealer more than \$36.00 per dozen, which is as large a quantity as most dealers can take care of. We buy in lots of one hundred at a somewhat better price and our ability to take the irons in large quantities enables us to name this remarkable price.

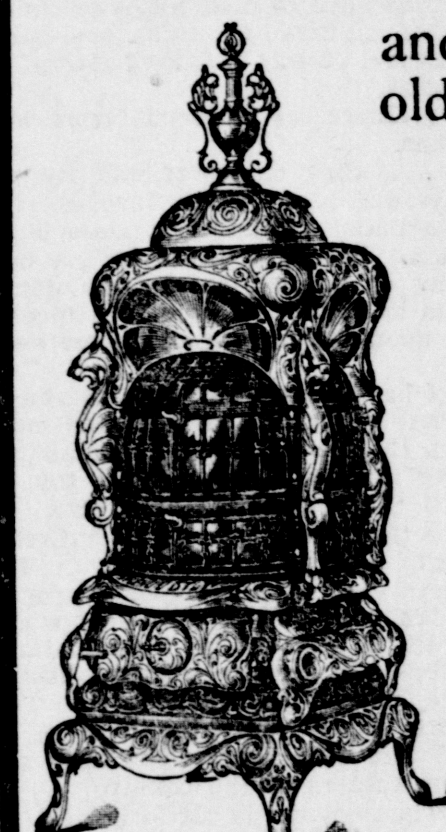

These irons are sold everywhere at \$5.00 each and are manufactured by one of the largest and most reliable electrical companies in the world. You surely know the Westinghouse name and that it stands for the very best. If you paid the regular price, you would get full value for your money, but if you take advantage of our offer—well, it's just finding \$2.00, that's all.

But remember—our stock is limited and this sale positively ceases at 9 p. m. Saturday. If you want one of these irons, come early so that you will not be disappointed. Or if you can not get down yourself—phone us and we will send out an iron for you to examine before purchasing.

Of Interest To Men

A new epoch in the history of the tailoring business begins tomorrow. Backed by the greatest organization in the merchant tailoring world having its own stores in all parts of the country and employing the highest skilled merchant tailors in America.

English Woolen Mills are today producing made-to-measure clothing not surpassed in material, workmanship, fit or style by even the most exclusive tailors of London, New York or Chicago.

The Young Man's Opportunity, because you have always had to pay fancy prices for good clothes is no reason why you should continue to do so at the mercy of ready-made jobbers or incompetent so-called merchant tailors.

You can walk through any club, hotel or any other gathering place of well dressed men and you'll have pride in the attire we'll make for you at a saving of real money. All our goods are guaranteed strictly all-wool.

We Are Specialists.—Specialist here means exclusiveness in making. Every part of the suit is made by a skilled specialist. We have men who devote their whole time to making the trousers; others to the vest; men to whom the making of the sleeve is an art; men who give even the making of button-holes a touch of genius.

Now the final decision of your clothes problem rests with you.

UNION LABEL IN EVERY GARMENT.

LA CROSSE GREEKS ENLIST IN ARMY

Will Go Back to Greece to Fight for Their Country Against the Turks

Prepared to shoulder the army rifle and give their lives, if need be, in their country's service, Sam Lambros and Charles Drakakos will leave La Crosse tomorrow for Minneapolis, where they will enlist in one of two Greek companies which are being organized to go back to Greece to take part in the war against Turkey. Nick Anger, also a La Crosse Greek, will leave next week directly for Greece, where he will enlist. More than two hundred men have enrolled in the companies which are now being raised in Minneapolis, the first companies which were raised several weeks ago having left for the front about a week ago.

In the event Greece sends another call for her old citizens it is said that more than a dozen Greeks will leave La Crosse to join the army which is battling for freedom. Ever since the news about the war in the mother country reached the American newspapers, the La Crosse Greeks have been deeply stirred and the enlistment of the young men here was not unexpected. Several of the Greek business men in this city have raised a considerable sum of money which they sent to the old country to assist in the war against the Mohammedans. A prominent Greek business man said today that if their country issued another call for help, nearly every Greek in America will go home to fight. He said that they will dispose of their business in this country and devote their lives and funds to the assistance of the country where they were born, with the hope of returning to America some day to take up life here anew.

Mr. Lambros is employed at the Linker barber shop, while the other two young men who will leave for Minneapolis work in the Palace and Empire candy stores.

JOHNSON LANDS COLONEL

CHICAGO, Oct. 18.—Characterizing Colonel Roosevelt as "the biggest two handed fighter the nation ever knew," Governor Hiram Johnson spoke before a large crowd at the Garrick theater here today.

BUTCHERS PLEAD GUILTY

GRAND RAPIDS, Mich., Oct. 18.—Eight butchers pleaded guilty today in the U. S. district court to indictments charging violation of the pure food law in transporting diseased meat unfit for human consumption. They were fined \$50 each.

The average monthly salary of American school teachers in 1870 was \$28.54. It is now \$61.70.

ALLIANCE NOT PREPARED FOR TURKISH WAR

(Continued from Page One)

Turkish victory. This will not mean, however, that trouble will be ended. A victory either by the Turks or by the allies may merely mark the beginning of a vastly great conflict between the bigger powers.

For all of their protestations of anxiety to localize the Balkan struggle, it is known that Austria and Russia will have formidable forces mobilized in readiness to intervene in the fight at a moment's notice. Russian influence is paramount in Bulgaria, Serbia and Montenegro. In the event of their success, it is certain that the czar—Minister Sazonov naturally has denied it—will back them in a demand for a liberal slice of Turkish territory.

Austria wants to annex the Balkan chancelleries such grave uneasiness but the possibility, almost the probability, of a general European outbreak.

The powers' declaration that neither side would be permitted to profit territorially by victory is regarded lightly. If the Sultan wins he will insist on the reassertion of authority over the Balkan states, which he lost by the treaty of Berlin. The Balkan states have said almost in so many words that they propose to divide Turkey among themselves.

The powers could prevent territory grabbing if they would act unitedly. Whichever side wins will have strong backing in an effort to extend its boundaries at the loser's cost.

Both Claim Victory
VIENNA, Oct. 18.—Conflicting reports were received from the Balkans today. Both sides claimed victory. Each accused the other of frightful atrocities. The newspaper corps were too far in the rear to get anything but colored information second hand.

According to a message from Constantinople the Turks have outflanked the main Montenegrin force about Scutari, driven it backward and at latest accounts were menacing Podgoritz. Turkish troops have defeated the Montenegrins badly at Bjelopolje and recaptured the town. Turkish irregulars were reported to have crossed the frontier near the town of Mustapha Pasha and to be driving the Bulgarians before them.

Turkish Vessel Destroyed
LONDON, Oct. 18.—A Turkish warship was reported blown up by a mine today at the entrance to Varna harbor. It was said the ship was maneuvering for a position whence to shell the Bulgarian port. The report was unconfirmed.

Daily Thought.
One of the sublimest things in the world is plain truth.—Bulwer.

Berlin is to have compulsory industrial and commercial continuation schools for girls.

FRATERNITIES ARE ABOLISHED

Professor Benezet Said to Have Ordered the Discontinuance of School Societies

COMMITTEE MAKES REPORT

Result of Investigation Is Submitted to Benezet; Secret Meeting Yesterday

High school fraternities are a thing of the past in La Crosse according to the story told today by a member of one of the local fraternities to the effect that Professor L. P. Benezet issued a mandate for their abolition at a meeting of fraternity men held late yesterday afternoon. Stories afloat in high school circles today are to the effect that Professor Benezet has warned the fraternity men that any attempt to continue the fraternities despite his order for their discontinuance will result in the expulsion of members from the high school. About thirty-five boys are affected.

Action against the local school fraternities was started last February when the Parents' and Teachers' association went on record as opposed to fraternities. A committee was appointed at that time to report their stand to the school board.

At the March meeting of the school school a joint committee composed of William A. Luning, president of the board of education, H. K. Hooley of the board of education and H. J. Hirschheimer of the Parents' and Teachers' association was appointed to investigate into fraternity influence and make a report.

The report of the committee, which it is believed favored the abolition of the fraternities, was submitted yesterday prior to the meeting of the fraternities.

Professor B. E. McCormick, when interviewed today declared that the fraternities have not been abolished but have merely received instructions not to initiate any new members, thus causing the fraternities to die out through lack of members.

Professor Benezet left for Milwaukee immediately following the meeting and it was impossible to procure his version of the story. William Luning today refused to talk on the matter until the return of Professor Benezet.

Members of the fraternities are said to be harboring plans for the continuance of the fraternities under a club name.

At a meeting of the entire male attendance yesterday morning, Professor L. P. Benezet severely criticized the conduct of members of one of the local fraternities during a week's encampment last summer.

SPEAKER RIDDLES CLAIMS OF KAREL

(Continued from Page One)

"5. Drives capital away. This argument is the same as number four."

"6. Penalizes industry. This argument, if you analyze it, means this. It means that Judge Karel believes that a man would be discouraged from earning a thousand dollars over his exemptions because he would then have to pay an income tax of ten dollars. The tax discourages thrift. Gentlemen, a tax on accumulation of property is infinitely more of a penalty upon thrift than the income tax."

"7. The method in vogue raises enough taxes."

"We aren't trying to raise more revenue. We want merely to raise revenue more equitably. We want to distribute the burden more justly."

"8. It adds to the pay roll a large and useless number of officeholders. 'Useless' to whom? If Mr. Karel means 'useless' to the men who are dodging their just share of taxes, we agree with him. The income tax does collect, or will be of little use' to them. But, if he means that it will be useless to the great mass of men who have been bearing more than their share of the burden, we will have to disagree. The equalization of the tax burden can hardly appeal to any unbiased citizen as 'useless.'"

"9. Increases taxes on farms and homes. A leading democrat told me the other day that the tax favored the farmer and amounted to class legislation. Evidently there isn't a harmony of opinion among the democrats as to the effect of the income tax upon the farmer and home owners."

"I have shown you how the burden was being shifted more and more from the broken down personal property tax to the real estate tax. In 1910 the inventories of twelve estates that were probated in La Crosse county amounted to \$650,000. The owners had paid a personal property tax on \$20,000. Who bore the burden of the tax that the remaining \$630,000 of personal property should have borne? Gentlemen, the real estate owners bore the bulk of it. And who were they? The farm and home owners of the county."

"The democratic platform of 1910 favored the state income tax. With the exception of two democratic members of the legislature not a single democrat voted for the law. What was the objection to it? It was a republican measure. That was the objection. It is their only objection to it."

He who hits the pipe must pay the piper.

DEMOCRATS PLAN A BUSY SCHEDULE

One Group of Speakers to Invade Trempealeau County; Others to Campaign Here

SIX MEETINGS SCHEDULED

Tons of Campaign Literature Being Sent Out of Headquarters on Main Street

Two rallies in the city and three in the country is the program outlined by the democratic county committee today for next week. Although several of the local speakers will spend the week in Trempealeau county next week campaigning for R. W. Davis, of Bangor, candidate for the assembly, the campaign in this county will not be neglected. Very nearly the same ground covered by the republicans this week will be gone over by the democrats next week.

Joseph Boschert and A. C. Wolfe addressed an audience of about fifty in the town hall of Rockland last night, and C. L. Hood and Mahoney will close this week's campaign with speeches tonight. Mr. Hood will speak at Central hall on the North Side, and Mr. Mahoney will talk at a meeting in Onalaska tonight.

The program for next week is as follows:

Tuesday—Ten Mile House, Greenfield, Joseph Boschert and John Utemoehl.

Wednesday—Meyer's hall, Shelby, Joseph Boschert and A. H. Schubert.

Thursday—Otto Melner's hall, 1002 Jackson street, C. L. Hood.

Thursday—Town hall, Shelby, Boschert and Schubert.

Friday—Union hall, North side, C. L. Hood.

Saturday—Burr Oak, W. F. Wolfe and O. R. Skaar.

Tons of democratic literature and campaign materials are being sent out of the democratic headquarters to the voters of the county and district every week. Jake Padesky, assistant secretary, has given up his entire time to the distribution of Wilson and Karel pictures and other campaign papers. Chairman E. J. Kneen spends a large share of his time in his automobile visiting the workers in the different parts of the county and the rest of the time can be found directing the fight for democratic votes in the headquarters on Main street.

PRINTER ACCUSED OF TREATING AN INDIAN

Fred Burl, a printer, felt the weight of the United States law against selling or giving intoxicating liquor to an Indian last night when he was arrested by United States Secret Service Police E. S. McNeal, on a charge of buying a drink for Wm. Wolf, an Indian called to La Crosse as a witness in a case before the United States circuit court which is in session in this city.

Burl is accused of buying the government ward drinks at the American house. He will be arraigned before Judge A. L. Sanborn in federal court at this session. Wolf is being held at the police station to sober up.

Joseph Clark, Dean LaRouch and Joseph Soderstrand were fined \$12.50 apiece by Municipal Judge Edward Cronon today for using abusive language. Frank Ring was fined \$7.50 on a disorderly charge, and seven others were released from the police station today without prosecution.

NEW COMPANY ORGANIZED

Articles of incorporation of the Sarge Commission company were filed with Andrew Thompson, register of deeds today. The new corporation places its capital at \$15,000 and is organized for the purpose of carrying on the manufacture and sale of ice cream and butter. The incorporators are Albert O. Sarge, William J. Ennison and R. D. Gordon.

SMALL FIRE

A small fire at a house at Twenty-second and Vine streets at 6:05 last night resulted in \$75 damage. The house is owned by William Cameron. The cause of the fire is unknown.

Diamonds

Our policy of handling only the finest stones has won for us an enviable reputation, and a great many of La Crosse's most discriminating men and women can testify to this fact. Just now we are showing some beautiful gems in sizes averages about one karat. Every stone was chosen with discretion and is an absolute and rare value. Come in to see them.

MAJESTIC BUILDING

ARREST JOHNSON FOR ABDUCTION

The Colored Heavyweight Champion Charged with Enticing 19 Year Old White Girl Away

GIRL DESERTS HER FAMILY

Refuses to Return to Home in Minneapolis and Says She'll Wed Jack

CHICAGO, Oct. 18.—Jack Johnson, champion heavyweight pugilist, was arrested this afternoon charged with the abduction of Lucille Cameron, a 19 year old white girl, from her home in Minneapolis.

The negro's bond was fixed by Judge Wells at the South Clark street police court at \$800.

A report was current that Miss Cameron had agreed to return home with her mother and the charge against the negro might be dropped.

The warrant was obtained by Mrs. F. Cameron Falconet, mother of the girl, who lives in Minneapolis. The negro prize fighter is charged with enticing the girl from her home and detaining her in an apartment.

The warrant for Johnson's arrest was signed by Municipal Judge Wells at 9:30 a. m. Charles Erbstein, Mrs. Falconet's attorney, accompanied her to the court. After the instrument was signed, an attempt was made to interview her.

"I do not want to see any reporters," she cried and, accompanied by her attorney, she hurried from the building. On the street, she screamed when a flashlight picture of her was taken.

Attorney Beardsley, for Jack Johnson, tried to bail out Lucille Cameron who is detained in the police court annex. Judge Wells refused to set any bail at this time.

Miss Cameron, who is alleged to have been living in the flat of a white friend of Johnson, was taken to the annex by her mother and a detective. She told Captain Noorbaar that she loved Jack Johnson and expected to become his wife in a short time.

The mother of the young woman became hysterical at this announcement and Captain Noorbaar detained Miss Cameron on a complaint signed by Mrs. Falconet.

J. G. Gillen, a Minneapolis travelingman, who came to Chicago to aid Mrs. Falconet in regaining her daughter, said that Lucille's father at one time, a British army officer, and that his mother was an Italian noble woman.

WILSON PRAISES LA FOLLETTE

ON BOARD WILSON'S SPEECHES, GRAFTON, W. Va., Oct. 18.—Not only did Governor Wilson today carefully refrain from attacking Roosevelt and the progressive party, but he digressed to pay compliment to Senator La Follette.

"I doff my cap to that indomitable little giant, 'Bob,' La Follette," he declared to his audience. "He's never taken his eye from the goal he has set out to reach, not for a single moment. I love those lonely figures—but they are not so lonely now. And I only regret that I didn't get into the movement earlier in the game when they did."

"Daughter of the Spy"

TWO REEL SPECIAL — AT THE **BIJOU** Tonight and Saturday

The Trip to California Under Special Care

"You feel like sorting out and tying together the memories of this trip and keeping them separate from all other trips." A woman recently said this after a pleasant experience on a Burlington Route "Personally Conducted" excursion party to California. She traveled alone, but met many agreeable people on the car, which was in charge of a special conductor. This good-natured official was a well-informed, courteous man who went all the way through with the party, looking after everyone's comfort and attending to all the little details of the trip. Thus a woman or child in one of these parties can travel with perfect safety and freedom from care.

If you would like to know more about the Burlington's comfortable, popular and inexpensive personally-conducted excursions to California, through scenic Colorado and Salt Lake City, please write me a postal and I'll be glad to send you copy of our illustrated folder, describing the trip in detail, the scenery, the choice of routes, telling all about how to join one of these parties and containing one of the best maps of California ever published. H. B. SMITH, Ticket Agent, Burlington Route.

TAX YIELDS \$39,758

INCOME ASSESSMENT IN OUTAGAMIE COUNTY REACHES A TOTAL OF \$67-476.04

MADISON, Wis., Oct. 18.—The income tax assessed in Outagamie county, according to a statement given out today by the Wisconsin tax commission is \$67,476.04, of which \$50,276.35 is on corporations and \$17,199.69 on firms and individuals.

After deducting the offset for personal property taxes, total yield will be approximately \$39,758.

The tax assessed in Shawano county is \$5,986.23, of which \$4,917.13 is on corporations, and \$1,669.10 on individuals and firms. After deducting the offset the total yield will be about \$2,780.

PUBLIC WARNED AGAINST OPTICAL FAKIRS

Editor of Keystone Magazine of Optometry:

December last an optical fakir located in our largest office building and advertised in three daily papers using one and a half columns, extolling his own professional ability and the quality of his \$5.00 glasses which he sold for only \$1.00.

It was our busy season, but not too busy to mail a copy of his advertisement to the Stevens & Company. By return mail we received an advertisement which they instructed us to have published in our largest daily, which we did Thursday, Friday and Saturday before Christmas.

One lady that we know of paid him \$14 in advance. She has neither glasses nor cash. Another paid \$6.00 for \$1.00 glasses, and there were others.

Yours truly,

W. W. APPEL & SON,
Lancaster, Pa.

(The original advertisement of Stevens & Co. occupies a space ten by six and one-half inches.)

"BEWARE!"

This advertisement is authorized and paid for solely and exclusively by Stevens & Company, Quality Optical Goods, for the purpose of protecting the people of Lancaster against unprincipled fakers, who pose as opticians, and who, through advertising low prices, get people into their place of business and then, through some cock and bull story about their special requirements charge exorbitant prices for inferior goods.

It is their custom to advertise high grade spectacles and eyeglasses with lenses for one dollar (\$1.00), but when one goes to them they readily find an excuse for charging much higher prices. Seldom have these grafters a sufficient knowledge of the optical business to make it safe for one to trust their examination, and the whole scheme is to work a town and then fly to pastures new.

If any member or members of that fakir brand and chance to read this "ad" we would like to say to them—we are warning the people of Lancaster against you for two good and sufficient reasons: First, you are using unfair methods of competition against the legitimate optician because you do not hesitate to lie in your advertising and in your statements to prospective customers, deceiving many people thereby. Secondly, you are doing a crooked business in the optical field, a portion of which we occupy; and while we do not expect unaided to make an optical heaven on earth, we have, nevertheless, without anger or malice appointed ourselves a committee of one to swat you and your kind whenever we find you.

We want to live in a clean house with honest people, and we are willing to do our part to merit that privilege. STEVENS & CO., Incorporated, Providence, R. I.—Keystone Magazine of Optometry.

H. C. EVENSON

BOB RELATES HIS "MENTAL FAILURE"

Tells Inside Story of Alleged Collapse of His Mind at Philadelphia Dinner

COVERED SWITCH TO T. R.

Senator Says Report of His Breaking Down Was Made Excuse for Desertion

MADISON, Wis., Oct. 18.—The story of La Follette's speech before the famous publishers' dinner at Philadelphia last February is fully explained in this week's issue of La Follette's Weekly Magazine. As a third installment of his articles, Senator La Follette tells his story about that "mental collapse." He says that his enemies lied about his health, and that Roosevelt and his friends came out of their hiding to grab the leadership.

La Follette tells how, in his speech before the publishers' banquet, he warned the publishers against the insidious power of big interests that had gained control of many newspapers through advertising; and how they sought to fasten their grip on the free magazines.

"But I entirely underestimated," he says, "the character and extent of the criticism which I called down upon myself. I was a candidate, and the interests did not overlook their opportunity."

"Sensational accounts of this speech and its reception were published throughout the country and at the same time equally sensational and false reports were spread concerning my physical condition."

"It is true that I was not feeling as fit as usual. At one or two previous occasions I had overtaken my strength. But each time a very brief rest sufficed to restore me to full vigor; as it did in this instance."

"I was able to go on with my work as usual, and into the campaign in North Dakota, disproving the stories circulated, not only at that time, but since, as to my having broken down."

"I mention this incident, not because it is important of itself, but for the reason that it was given a bearing upon the campaign by those who were quick to use it as a cover under which they felt they could plausibly make their switch to Roosevelt."

"The men who had already abandoned my candidacy, because I could not stand as a shield for another, or agree to any deals or combinations that would confuse the issue or mislead the people, seized upon what they were pleased to call my 'shattered health' as an excuse for their action."

The present chapter in La Follette's story of his betrayal by Roosevelt covers the first three months of the present year. Here are the other big spots in it:

Jan. 1.—At a conference of 92 progressive leaders in Columbus, O., a small minority, led by Gifford Pinchot, James R. Garfield and Walter Brown, while professing loyalty to La Follette, prevented an official endorsement of his candidacy.

Jan. 10.—William Allen White, who had been for La Follette, published an editorial appealing to the progressives to organize for Roosevelt.

Jan. 11.—Frank A. Munsey published an editorial in all his newspapers saying that Roosevelt, if the "call" came, would "buckle on his armor and go to it" with his old-time impetuosity and energy.

Jan. 12.—Roosevelt, when asked about stories to the effect that a campaign for him was being quietly financed by George W. Perkins, said, "I will not discuss pipe dreams."

Jan. 18.—Pinchot called a conference of contributors to La Follette's campaign, and urged the putting of both La Follette and Roosevelt delegates on the tickets in Ohio and elsewhere. He was voted down.

Jan. 20.—Senator Cummins, who had said, "I shall not be a candidate," announced his candidacy.

Jan. 29.—Pinchot called another conference of progressive leaders at which La Follette was given the alternative of withdrawing in favor of Roosevelt, or withdrawing without favoring anybody, and continuing on the stump in either case. The senator refused, saying he was "not a quitter."

Feb. 10.—Pinchot formally renounced La Follette, saying, "In my judgment, his condition makes his further candidacy impossible."

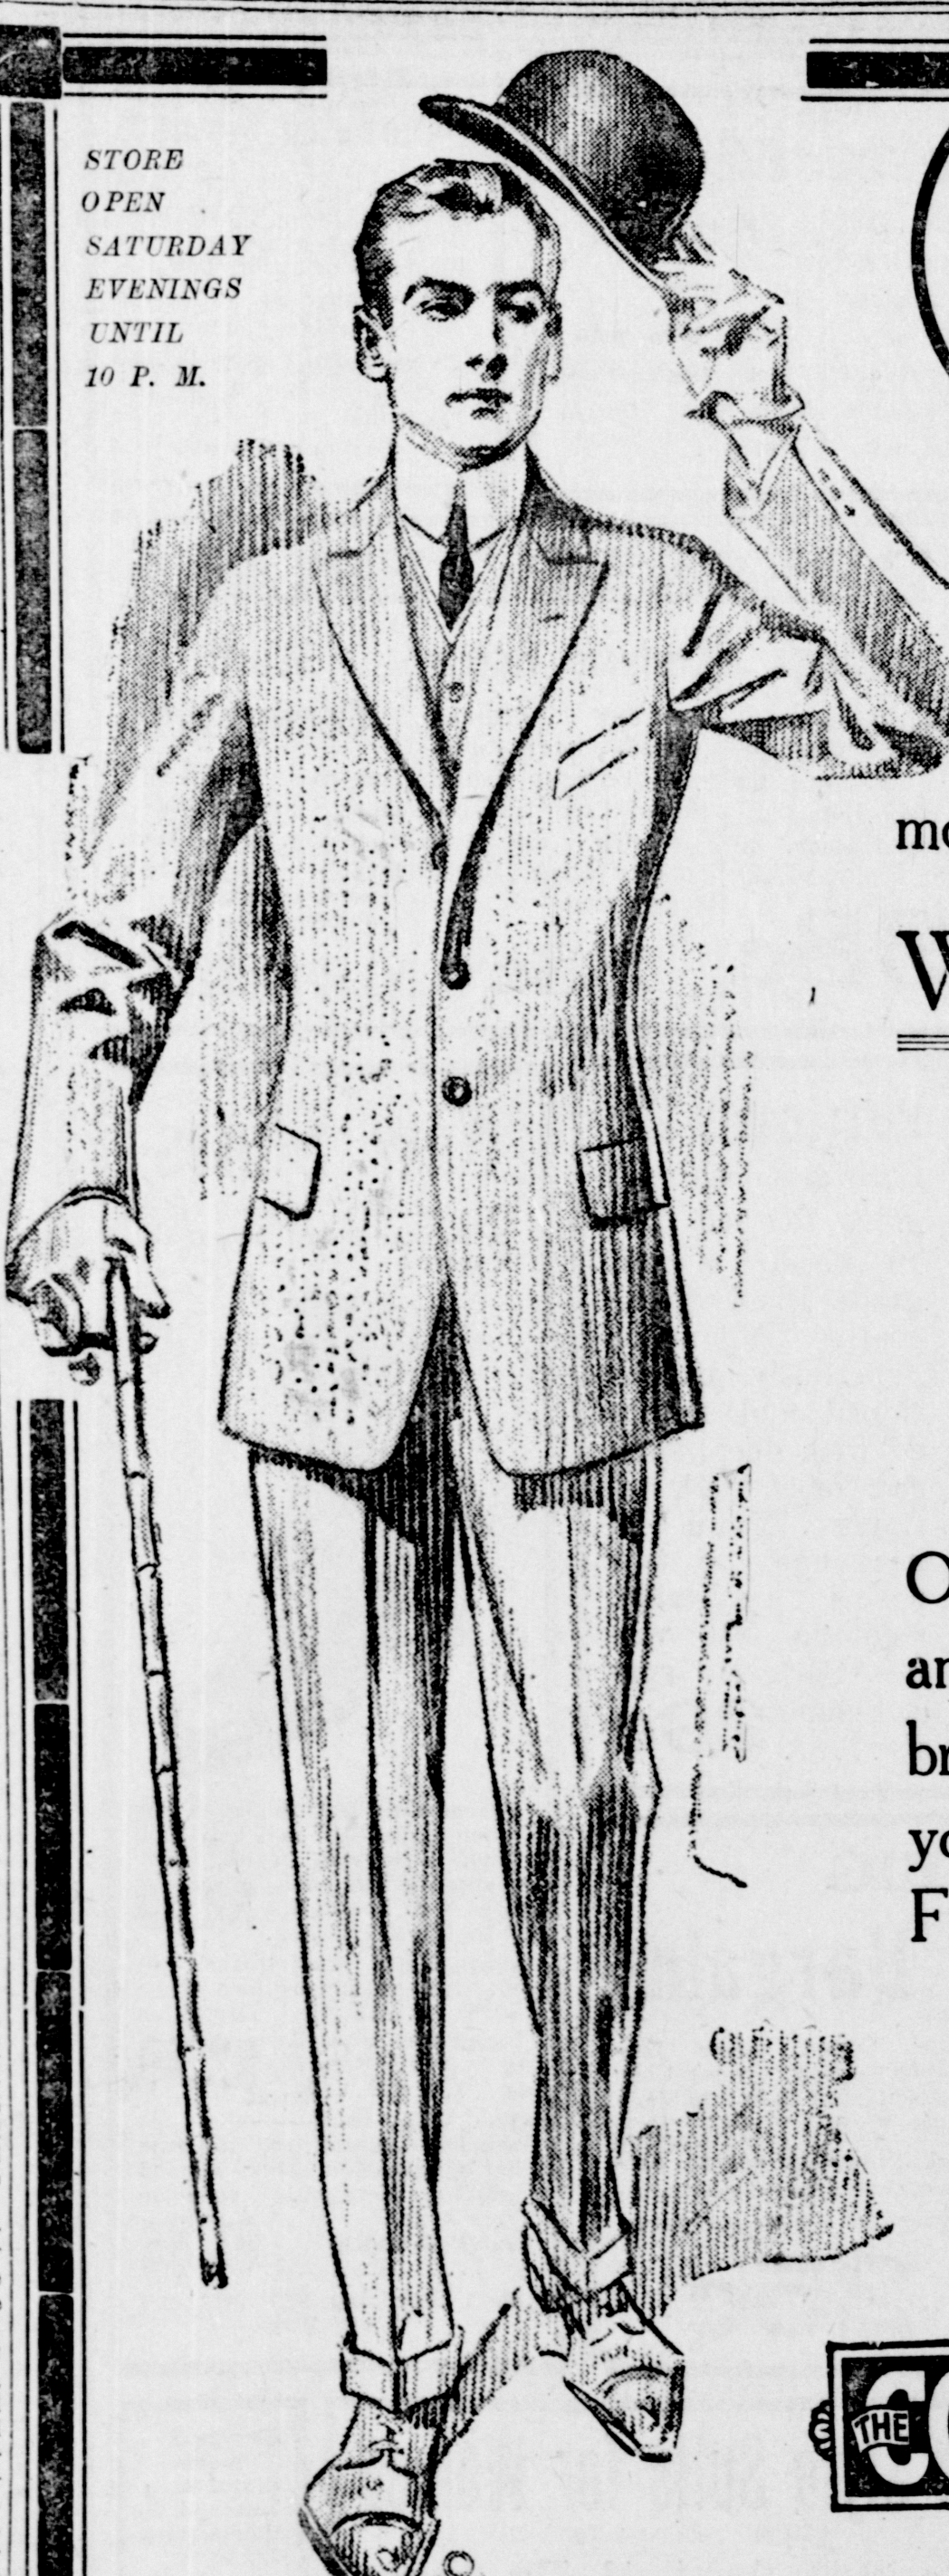

HEARS FATAL SHOT

FIANCEE IN MILWAUKEE HEARS SWEETHEART SHOOT HIMSELF IN FOND DU LAC

FND DU LAC, Wis., Oct. 18.—J. E. Herworth, 23, an electrician, was dying in St. Agnes hospital early today. Herworth fired a shot into his right temple while talking to Miss Amelia Fromm, his fiancée, in Milwaukee, over the long distance telephone. Herworth told Miss Fromm he had lost three fingers in an accident and was going to commit suicide. She thought he was jesting. A second later she heard a shot and the sound of his falling body. She then fainted.

Occasionally a young man is so fast that it is impossible for him to get to the front.

There will always be plenty of hard to do—and plenty of people who are easy to work.

GOPHER G. O. P. MEN START ON A TOUR

ST. PAUL, Oct. 18.—The special train carrying republican state candidates will leave St. Paul at 9 a. m. Monday over the St. Paul road on the first campaigning tour arranged by the state central committee. The first speeches will be made at Winona at noon Monday, but the campaign is to be formally opened at a meeting at Albert Lea Monday night.

Prescriptions are often worth more than their weight in gold—to the physician, to the druggist and sometimes to the undertaker.

Makes Face Young—Tightens Love Ties

("Aurilla" in Woman's Sphere.) A fretful expression, a wrinkled face and a faded complexion, do more to drive the male members from home than is commonly supposed. It was one of my greatest difficulties to appear smiling, fresh and elegant when my dear ones were with me. But I have overcome all that. I have changed my mental attitude and I now find it second nature to look cheerful. Due partly to this, partly to a remarkable treatment recommended by a friend, my appearance has so improved I look fifteen years younger than before.

A simple face lotion made by dissolving an ounce of powdered sassafras in a half-pint witch hazel, proved a wonderful wrinkle-chaser. I still use this occasionally. To renovate my complexion I purchased an ounce of ordinary mercurized wax at my druggist's and before using this up, a marvelous transformation had taken place. It was like removing an unsightly mask, revealing a new face, a youthful complexion of distinctive delicacy, clear, white and velvety. I merely applied the wax like cold cream before retiring, washing it off mornings. Ten days' treatment sufficed.—Advertisement.

NAME TWIN AFTER COL. ROOSEVELT

Infant Born as Bull Moose Enters Hospital, Gets His Name and Sees Candidate

CHICAGO, Oct. 18.—A genuine surprise was sprung on Colonel Roosevelt at Mercy hospital today when he was told that his advent there Tuesday morning had been preceded by the birth of one twin and that he had been in the hospital but a few minutes before the second youngster saw the light.

The colonel chuckled at the news. He signified his pleasure by a volley of "Fines" and "Bullies" and forgot everything else—even the tempting offer of a bull moose steak by an admirer.

But when told that the older twin had been named for him his delight knew no bounds.

"Fine," he exploded. "Bring 'em in at once. I would like to see the youngsters and their mother, as soon as they can possibly call. Please give the mother my congratulations."

The parents of the young ones are Dominick and Nellie Walshe, former of Ireland, but now living at 57 East Thirty-sixth street, Chicago.

When the colonel's wish was communicated to Mrs. Walshe, she said: "No greater honor could come to me than to have Colonel Roosevelt see the babies. I will have them dressed in their best when they call on him this afternoon, and I hope he will be more pleased than ever."

And straightaway she gave orders to Mrs. Johanna McNamara, the nurse, to prepare the little ones for their "interview" with Roosevelt.

The father of the babies was also delighted at the interest shown by the colonel and seemed well satisfied that the second twin should have been named Dominick instead of the first.

Shortly before noon a plumber entered the sick room to repair a

steam pipe. He made elaborate preparations to muffle the sound of his hammer with the result that he produced no effect on the pipe at all. The colonel had been watching the mechanic with an amused twinkle in his eye.

"You cannot get on that way," he remarked. "Go ahead and make all the noise you want. I'm used to noise."

MAN IS KILLED "BURGLING" JAIL

MUSKEGON, Mich., Oct. 18.—Edward Fromme, 35 years old, who when under the influence of liquor is said to have a mania for breaking into other people's houses and sleeping there, was shot and killed early today by Sheriff Fred Nelson, when, according to the officer, he attempted to break into the county jail.

Women In Politics

CHICAGO, Oct. 18.—Mrs. W. A. Aldrich was addressing a woman's rights meeting. "Will suffrage unsex women?" she demanded. "Rot," she answered. "Will men cease to love us? As for me, I'm 38 and don't give a whoop!"

NEW YORK, Oct. 18.—The Dixie club—the southern women in New York—has joined forces with the Wilson-Marshall Woman's league. The alliance was formed at the Astor, where the ladies pledged co-operation.

NEW YORK, Oct. 18.—Under the auspices of the "End of Strife" society, auto loads of fair mooseettes are today being zig-zagged about Manhattan for speeches to workingmen.

TUBERCULAR GERMS

flourish in the most unexpected places and quickly attack a body weakened from colds or general debility, but if the lungs are fortified with SCOTT'S EMULSION

their progress can be prevented and often overcome. SCOTT'S EMULSION is used in tuberculosis camps because its highly concentrated nourishment builds strength and resistive-power faster than disease destroys. It assimilates without taxing digestion, and contains no alcohol.

Absolutely nothing equals SCOTT'S EMULSION to strengthen the lungs and drive out colds and coughs.

VAN HISE TELLS
EXTENSION PLANExplains to New Yorkers
How to Carry Knowl-
edge to the
PeopleALBANY, N. Y., Oct. 18.—How
the University of Wisconsin, ac-
knowledgeed to be the leader in uni-
versity extension work, had evolved
and successfully maintained a prac-
ticable system of carrying knowledge
from the university to every citizen
of the state, was explained here to-
day by President Charles R. Van
Hise of the University of Wisconsin
at the dedication exercises of the new
education building of the New York
state university.

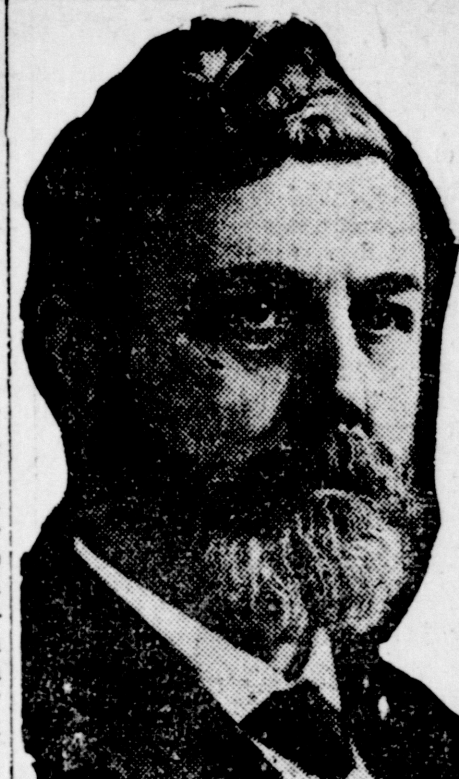

Extension Not For Children

"By the phrase 'carrying out
knowledge to the people,' I do not
mean to include the regular instruc-
tion of the elementary, secondary,
and vocational schools to children of
school age, nor the instruction in col-
leges and universities," declared
President Van Hise."To those having the opportunity
of such schools the best means of
transmitting knowledge is the regu-
larly organized educational institu-
tions; but a large part of the knowl-
edge which could be applied to the
advantage of the people has accumu-
lated since men and women of mid-
dle age have left the schools; and
also a large number of the men and
women now engaged in the active
work of the world have not had the
opportunities of the schools. It is
this great class of people, constitut-
ing roughly about four-fifths of the
population that is now being consid-
ered."That thousands of citizens of Wis-
consin are learning vocational sub-
jects through the correspondence de-
partment of the Extension Division
of the university, was shown by Dr.
Van Hise. Out of the 5,556 students
enrolled in the correspondence courses
in 1911-12, 4,028 were carrying on
vocational courses, not of col-
lege grade nor designed for en-
trance to college. This work is very
largely with apprentices and arti-
sans, who finding that their voca-
tional training is inadequate desire to
gain a better knowledge of the in-
dustry to which they are devoting
their lives.That development of extension
work by a university will be an ad-
vantage rather than a disadvantage
to the growth of the institution, is
the opinion of Dr. Van Hise. "But
growth should not be the purpose of
introducing extension work into a
university. The purpose should sim-
ply be that of service. The greatest
loss that we as a nation suffer is the
loss of talent. Talent is not the
heritage of the rich, but it is equal-
ly the heritage of the poor. If we
could develop to the highest extent
all of our talent so that it would give
us the greatest efficiency, our pro-
gress would be amazing. It should
be the aim of the university exten-
sion service to make this possible.""It should also be the aim of the
extension service to assist the man
of ordinary ability as well as the man
of talent. If society were perfectly
organized each individual would have
an opportunity to develop to the full-
est degree the endowments given him
by nature, whether they be large or
small. Doubtless this will never be
accomplished fully, but it should be
the purpose of extension to assist
every individual in this direction."

Growth of Extension

That 21 state universities are now
doing extension work as well as prac-
tically every independent agricultur-
al and mechanical college, was an-
other important point brought out
by Dr. Van Hise. The state univer-
sities of California, Colorado, Flor-
ida, Georgia, Indiana, Iowa, Kansas,
Minnesota, Missouri, Montana, Ne-
braska, North Dakota, Nevada, Ok-
lahoma, Oregon, Tennessee, Texas,
Utah, Washington, Wisconsin and
Wyoming are educating the citizens
of the respective states by the ex-
tension system. Many endowed uni-
versities, like Columbia and Harvard,
are likewise operating an extension
system. The university of Wisconsin
was the first to start the system in
America.U. S. DENTISTRY IN
NORWEGIAN SCHOOLChildren in the public schools of
Stavanger, Norway, are treated with
the aid of American dental appar-
atus by a dentist who received his
post-graduate dental education in the
United States.This year two rooms were fitted
up as dental clinics. Twice during
the school year the children are to
have their teeth examined. If any
defects are found, the dentist will
hand to the child a card to take
home to the parents asking their con-
sent to treatment, the work to be
done for the child free of charge.

MOVING PICTURES EDUCATION

The use of moving pictures in
education has had a real impetus in
German official circles, according to
information recently received at the
United States bureau of education.
The Prussian ministry of education
is now considering the feasibility of
employing cinematograph films in
certain courses in higher educational
institutions, and a number of film
manufacturers are being given an op-
portunity to show the authorities
what films they have that are adapt-
ed to educational purposes.A well known philanthropist has
recently donated two fully equipped
moving picture machines to the
schools of Berlin. One is to be used
in the continuation institute for
higher teachers and the other in the
high schools of greater Berlin.
Moving picture films are nowThe Doctor's Answers On
Health and Beauty Questions

By DR. LEWIS BAKER

The questions answered below are
general in character; the symptoms
or diseases are given and the answers
will apply to any case of similar na-
ture.Those wishing further advice, free,
may address Dr. Lewis Baker, College
Bldg., College-Ellwood Sts., Dayton,
Ohio, enclosing self addressed,
stamped envelope for reply. Full
name and address must be given but
only initials of fictitious name will
be used in my answers. The prescrip-
tions can be filled at any well stock-
ed drug store. Any druggist can or-
der of wholesaler."Anxious Wife"—Give 10 to 15
drops of the following in water an
hour before each meal and your
child will soon be cured of bed-wet-
ting: Comp. fluid balmwort, 1 oz.;
tincture cubeba, 1 dram; tincture
rhus-aromatic, 2 drams."La Rue" writes: "For many years
I have suffered with stomach and
bowel trouble which has been caused
by a severe case of catarrh. My
blood is also in poor condition.
What can be done for me?"Answer: If you follow the direc-
tions given below you will soon be
well and strong again. Obtain the
following from any well stocked drug
store and mix by shaking well, then
take a teaspoonful four times daily:
Syrup sarsaparilla comp. 4 ozs.,
comp. fluid balmwort 1 oz., fluid ext.
Buchu 1 oz. Use in connection with
this the following local treatment:
Get a 2 oz. package of antiseptic vi-
lane powder and make a catarrh
balm by mixing one ounce of lard or
vaseline with a level teaspoonful of
the powder and use in the nostrils
daily. Also make a wash of one pint
of warm water and one-half tea-
spoonful of vilane powder and use
two or three times a day until the
nostrils are thoroughly cleansed and
your trouble will soon be gone."Elsie M." writes: "I have such
short stringy, straggling hair and my
scalp is full of dandruff. Please ad-
vise what to do."Answer: The best advice I can of-
fer is simple. Get at a well stocked
drug store a 4 oz. jar of plain yellow
monoyl, directions accompanying,
and use it regularly. It promotes a
healthy, vigorous growth of hair and
cures dandruff, itching scalp, lustre-
less hair and stops falling hair. If
the hair is harsh and straggling it
restores a soft, fluffy appearance,
and brings back the intense natural
color."Hazel" says: "I would certainly
appreciate something that would in-
crease my weight, and take away that
languid feeling which I am subject
to most of the time. My blood is
weak and watery and my appetite is
poor."Answer: Your condition is very
easily overcome if you will follow
the directions given below. Ask your
druggist for three-grain hypo-nu-
cane tablets and take according to
the directions and your weight will
increase. These tablets promote as-
similation, absorption and aid di-
gestion, transform the complexion
and figure. They are prescribed by
physicians and are perfectly harm-
less. They should be taken regular-
ly for several months and you can
depend upon gaining flesh and that
languid feeling will vanish complete-
ly."D. E. G." writes: "My rheuma-
tism is getting worse all the time. I
am getting so stiff that it makes it
very hard for me to get around."Answer: Do not worry about your
rheumatism as that can be very easi-
ly cured by using the following: Get
at the drug store the ingredients
named and mix thoroughly and take
a teaspoonful at meal time and again
at bed time and you will soon be en-
tirely cured of that disagreeable dis-
ease rheumatism. Purchase 2 drams
of Iodide of potassium; one-halfavailable in Germany for anatomical,
biological and bacteriological courses,
and the manufacturers are confident
that an enormous field for their
products will be opened up when ed-
ucators fully realize the value of
moving pictures in education.

FAMINE THREATENS RUSSIA

ST. PETERSBURG, Oct. 18.—
Russia is threatened with a rep-
etition of the disastrous famine of last
year.In the Don province crops have
failed in eleven cantons. In the
Caucasus rains have destroyed all
the rye and a great part of the wheat.
In Livonia the crops are bad. In Pol-"Mrs. G. B." writes: "I suffer a
great deal with stomach disorders.
Heavy feeling after eating, heart pal-
pitation, wind and gas on stomach,
etc. Am restless and irritable.
Afraid to eat a hearty meal. Some-
times great pain. I fear appendi-
citis."Answer: The neglect of constipa-
tion and indigestion is the most fre-
quent cause of appendicitis. It is bet-
ter to prevent than to cure by an
operation. I advise that you obtain
tablets tripeptine and take accord-
ing to directions accompanying seal-
ed carton. They are pink, white and
blue to be taken morning, noon and
night respectively. I think many
cases of appendicitis could be pre-
vented by using tripeptine intelli-
gently."Mrs. C. C." writes: "Can you
prescribe a tonic for one who is
sleepless, nervous, hysterical, thin,
and getting thinner. Have little ap-
petite and am restless day and
night."Answer: The following if used for
several weeks will gradually restore
and strengthen your nervous sys-
tem: Compound syrup of hypophos-
phites, 5 ozs.; tincture cadomene, 1
oz. (not cardamon). Mix, shake well
and take a teaspoonful before each
meal."Miss C. K." writes: "I am bur-
dened with too much fat and would
like a safe treatment prescribed."Answer: I would not recommend
the ordinary tablets and pills for
obesity, but here is a quick acting
formula that accomplishes big fat
reductions and never causes ill feel-
ing. Aromatic elixir 5 ozs., glycol ar-
bolene 1 oz. Shake well in a bottle
and take a teaspoonful after each
meal for three days. Double the dose
thereafter. Continue several weeks
or months as the case may require."Poor H." writes: "My health is
very poor on account of a long stand-
ing constipation. I have to use pills
or something all the time. Can you
prescribe something to take that will
cure chronic constipation?"Answer: Constipation is probably
the cause of more illness than any
other thing. Most remedies only re-
lieve the trouble and never cure. I
always prescribe three grain sulphur
tablets (not sulphur tablets), and
have found them most reliable and
gradually curative. They act pleas-
antly and tone up the bowels and liv-
er, while purifying the blood.tava and Tchernigov the corn is
threatened; in Ekaterinoslav the de-
ficit will amount to 50 per cent; and
there is a similar outlook for Cher-
son and Taurida.There aren't as many valuable pa-
pers in the world as the villain in the
melodrama imagines.

F. R. A. COUNCIL ELECTS OFFICERS

OSHKOSH, Wis., Oct. 18.—At the closing session of the biennial meeting of the supreme council of the Fraternal Reserve Association the following officers were elected: Supreme president, E. R. Hicks, Oshkosh; supreme vice president, John R. Evans, Oshkosh; secretary, C. M. Robinson, Oshkosh; supreme treasurer, E. R. Williams, Oshkosh; supreme examiner, Dr. Frank Brockway, Oshkosh; sergeant at arms, J. J. Stevenson, Michigan

City, Ind.: supreme judges, A. H. Goss, Daniel Witzel, George A. Buckstaff, all of Oshkosh, and G. A. Comstock, Milwaukee.

MILLION FOR DARK HORSE

WASHINGTON, Oct. 18.—Charging that \$1,000,000 was raised by the Wall street system, to back a dark horse candidate at the Baltimore convention Thomas W. Lawson, yesterday, declared before the Clapp committee that its previous testimony was generally considered as a joke. He could not give names of any contributors to the fund.

FASTS THREE WEEKS AT THE AGE OF 69

ST. PAUL, Oct. 18.—Starvation treatment at 69 years of age has no terrors for Elisha F. Humason, who, though he has lost twenty-five pounds of flesh in twenty-one days, radiates good cheer and feels practically as well as he ever did. Mr. Humason adopted the starvation method to win a victory over liver and bronchial disorders and said last night that he had won his fight for a righted liver and was improving the condition of his bron-

chial tubes. It is coincidental that fasting should be a cure for Mr. Humason, who is particularly fond of good things to eat, and lots of them.

STRIKERS ARE KILLED

ELY, Nev., Oct. 18.—Two strikers were killed yesterday in a fight between strikers and guards at the gate of the Nevada Consolidated Copper company's mill at McGill, Nev. The strikers assert the guards fired without provocation. The company officials assert the strikers tried to rush the gates and attacked the guards.

PLAY NINTH CONTEST IN CHICAGO SERIES

CHICAGO, Oct. 18.—The longest city series in the history of the national game will be brought to a close this afternoon, weather permitting, and another tie not preventing. The White Sox and the Cubs have battled eight full games, several of them running into extra innings, and are tied with three games each won and two tied. The first games went to darkness and were draws. Then the Cubs drew three straight and

looked like easy title winners, having beaten Ed Walsh once and tied him. But the Sox were game and came up from behind with three wins, each marked by desperate ninth inning finishes. Today Manager Callahan will stand or fall with Walsh and Chance will probably be compelled to depend on Lavender as his pitching staff is shot to pieces. Betting favors the White Sox.

A widow who is young, rich and pretty is monarch of every bachelor she surveys.

A man may work for all he is worth and not earn over \$4 a week.

WIDOW SINCE 1877 FINDS HER SPOUSE

FOND DU LAC, Wis., Oct. 18.—After believing herself a widow since May 17, 1877, Mrs. Minnie Mentzel of Oshkosh, and an aunt of City Attorney Kluwin of that city, will not doubt be greatly surprised to learn her husband, Robert Mentzel, a former resident of Fond du Lac, is alive and well at Cincinnati, Ohio. This is the purport of a telegram received here from that city. It reads: "Robert Mentzel, civil war veteran, missing since 1877, found alive."

HEAT YOUR HOME THIS WINTER FOR \$15

NO BLACK SMOKE—NO DIRT—NO DUST

SPORTING NEWS

WHITE SOX RALLY IN NINTH WINS

Chicago Americans Pound Out Four Runs in Last Frame and Beat the Cubs 8 to 5

TO DECIDE CHAMPIONSHIP

Each Team Has Won Three Games, so Today's Winner Gets Title

CHICAGO, Oct. 18.—Chick Mattick of the Chicago American league team on Thursday kept his club in the running for the city championship by driving out a triple with the bases full in the ninth inning. When he scored a moment later on a short hit in front of the plate, which Archer tossed to first, he brought defeat to the Nationals by a score of 8 to 5. The series now stands three games each, with the deciding game to be played on the American league grounds.

The spectacular finish was in keeping with the rest of the game. Zimmerman's hitting was responsible for four of the Cubs' tallies. His sacrifice fly scored Miller in the first; his home run drive which hit the grandstand in left and bounded to center, brought himself and Inker home in the fourth, and his double came in the eighth after Miller's triple had sent Good, who was hit by a pitched ball while batting for Cheney, home.

The ninth inning started with the Cubs leading, but Richie, who relieved Cheney, was wild, and two passes and a hit filled the bases. With one out, Lavender came to the rescue, only to be touched for a triple by Mattick, the first man up.

Bill Lange was in fine form, pitching masterly ball throughout his reign on the mound. He was relieved for a pinch hitter in the ninth, Walsh, who finished for the Sox, held the Cubs runless in their half.

Buck Weaver, who was injured in a collision with Lord in the second meeting of the clubs, took up his old position at shortstop and proved a valuable asset to his team, his fielding being one of the features of the game.

Score:
Nationals 100 200 020—5
Americans 010 003 004—8

Batteries: Cheney, Richie, Lavender and Archer; Lange, Walsh and Schalk.

JUDGE ORDERS MAN TO WED AT ONCE

ST. PAUL, Oct. 18.—Marry forthwith or pay a \$10 fine was the sentence Judge Pinehout thrust upon P. J. Laughlin in police court this morning. A man who carries a marriage license in his pocket has no business arguing over payment of a \$1 bill to a hackman, the court decreed, and a wedding day is no day on which to quarrel and disturb the peace.

But the man who masters a hard life is of more importance than the man who is mastered by an easy one.

Motorcycle Notes

The motorcyclists of Oroville, Cal., are planning to form a club, their intention being to affiliate with the F. A. M. There are more than 60 motorcyclists in and around Oroville, over 30 of whom have signified their intention to join the club.

Mr. and Mrs. C. C. Barnhart have just completed a motorcycle trip of 755 miles from Colorado Springs to Erie, Kas.

New Orleans is considering the adoption of motorcycles for collecting mails in the business section. From the preliminary test given the machine it bids fair to prove a great time saver for the postoffice department.

Hugh A. Fargo and Harrison H. Crawford of Buffalo, N. Y., are now on a trans-continental motorcycle trip. They are traveling as pathfinders, taking data for a log of the road conditions, for use by the F. A. M. and the Buffalo Automobile club.

Fay Young of Rockland, Ill., says he holds the record for economy in motorcycling. He says he has run his machine 18,000 miles without spending a cent on his motor, has never had it apart, and has never replaced the front tire.

A motorcycle has been purchased for the use of Robert Gaskill, City electrician of Ft. Wayne, Ind.

Frank Brooks of Vincennes, Ind., has started for Corey, Pa., on his motorcycle. The distance is about 500 miles, but Brooks expected to reach Corey in three days or less.

Paul Vogel and Maurice Wilson of Omaha, Neb., are on their way to New York, traveling by motorcycle. They expect to make a three months' tour of the east.

Suits of heavy brown corduroy, with caps to match, is to be the new uniform of the Dallas, Tex., motorcycle officers.

An innovation in motorcycling is the motor polo game, recently introduced by the Kansas Short Grass Motorcycle club.

Thayer Bailey of Muskogee, Oklahoma, is on his way to Ottawa, Ohio, traveling by motorcycle. The distance is about 2,000 miles.

Since January 1, 792 motorcycle licenses have been issued in Indianapolis, Ind.

The Ohio State University Motorcycle club is making arrangements to renew its activities. Last year the club had about 40 members, but it expects a considerable increase in membership this year.

BADGERS PREPARE FOR PURDUE GAME

MADISON, Wis., Oct. 18.—In a grueling scrimmage with the freshmen behind locked gates, Coach Juneau's men worked until a late hour at Camp Randall Wednesday afternoon.

On Thursday spectators were given their only chance this week to see the varsity scrimmage.

Coach Juneau is working the men especially hard this week in preparation for the Purdue game on Saturday, which he expects to be a stiff contest for the Badgers.

Gene Van Gent appeared in a suit on Wednesday and limbered up with a brisk run around the field. He seems in fine condition and expects to take part in the regular practice soon.

CHARGE AGAINST FOGEL

NEW YORK, Oct. 18.—The National league in session to consider charges of alleged crooked umpiring, instructed Secretary Heydler to draw up formally charges against President Fogel of the Philadelphia club and forward them in five days.

Fogel must prepare a formal answer within another five days, and the two statements will be considered by the league at a meeting to be held November 26. Fogel is said to have accused the league magnates of "throwing" the pennant to the Giants through the work of the umpires. Herrmann of Cincinnati; Gaffney of Boston; Ebbetts of Brooklyn, and O'Brien of New York, were present, and the other clubs were represented by proxy. Umpires Klem, Riggler and Orth attended the session.

As a matter of fact, there isn't enough truth in the world to keep the tongues of gossips wagging—therefore, you can draw your own chums.

Laugh and a woman laughs with you; weep and her nose gets red. It's a grave situation where there is no business for the undertaker.

CROWD CATCHES PURSE SNATCHER

MINNEAPOLIS, Oct. 18.—Fleeing from an angry crowd of more than 100 persons who saw him run from a downtown store, after snatching a watch from Miss Eunice L. Stevens, Arthur Davis rushed up three flights of stairs at 45 Fourth street south, early today and then stood at bay on the fire escape in the alley. Looking at the crowd and two policemen who headed it, he decided to surrender.

MURPHY MAY SELL CHICAGO NATIONALS

CHICAGO, Oct. 18.—That there is a possibility of a new man at the head of the Chicago National league baseball club next season was learned from a reliable source yesterday. It was said at the present time Charles W. Murphy, president of the club, and supposedly owner of a controlling interest, is dickering with a party in New York for the sale of the Cubs.

The name of the probable buyer could not be obtained, but one who is on the inside in the affairs of the National league, said it was Max Fleischman, the Cincinnati capitalist, who recently purchased the ten shares held by Frank Chance. There also seemed a possibility, according to the informant, that the deal might fall through, because Mr. Murphy set a price on his holding which would make the Chicago club a \$1,000,000 investment.

It is thought that the wish of the purchaser will be to get Murphy out of the club and to retain Chance as manager of the Cubs.

CADY IS RED SOX FIRST CATCHER

BOSTON, Oct. 18.—When the American league season of 1912 began, Forest Cady was Boston's third catcher. Bill Carrigan and Leslie Numamaker were considered the first string backstops of the Red Sox. Cady warmed the bench while his two colleagues did all the work. Then Carrigan was hurt. Numamaker became the first catcher for the time being. It went on that way for nearly two weeks. Then Numamaker was hurt and Stahl was forced to call on Cady.

As Numamaker handed Cady his chest protector, he said: "Go and do the best you can. I will be ready again in a few days."

"Huh!" replied Cady. "By the time you are ready Stahl won't know he has any catcher except Carrigan and me."

Rather egotistic, but true, nevertheless, Cady has been a first stringer ever since. Handling Joe Wood's delivery so capably, Cady was permanently assigned to catch Smoky Joe. His final bit of recognition

WASHBURN LEADS SCHOOL LEAGUE

Standings of the teams in the Graded School league:

Team	Won	Lost	Pct.
Washburn	4	1	.800
Franklin	4	2	.667
Lincoln	3	3	.500
Hamilton	2	3	.400
Jefferson	1	4	.200

The Washburn school indoor baseball team beat Jefferson school nine in a one-sided game by the score of 17 to 4 yesterday.

The Franklin team met with defeat at the hands of the Lincoln team in a well played game by the count of 7 to 3.

The Washburn and Lincoln teams meet next Tuesday in what promises to be a fast and interesting game.

came when he was picked to catch Bedient in Saturday's game. Carrigan having been Bedient's receiver in the American league games. So from third catcher to first catcher has been Cady's jump in one season.

BRUSH REFUSES TO PAY LEAGUE SHARE

CHICAGO, Oct. 18.—An unexpected sequel to the world's series and the meeting of the National league magnates here yesterday developed today when it was learned that John T. Brush, owner of the Giants, is balking on paying 25 per cent of his club's share in the series receipts to the National league.

Barney Dreyfuss proposed legislation last winter providing that the club winning the pennant and participating in the world's series turn one-fourth of its share in the receipts into the league coffers. Brush now contends that the Dreyfuss rule was passed illegally, and has forced the appointment of an arbitration committee to consider the case and report it in December.

Brush's share is \$147,028.85, and he objects strenuously to handing over \$36,757.21 to the league.

Mutual deception is a popular game during courtship. It takes a truly great man to convince other people that he is great.

THE SEASON'S LAT-
EST NOVELTIES IN

MILLINERY

We Are Showing Models That Are Noticeably Different and Exclusive

SPECIALS FOR SATURDAY

Ladies' and Misses' French Felt and Velvet Sailors and Tailored Hats, at \$1.49 and **\$2.49**

Ladies' Velvet Turbans, an assortment of colors and styles. Special **\$2.98**

Infants' and Children's Bonnets and Hoods, in fancy styles of velvet, corduroy, silk, etc., at 35c to **\$2.50**

HAND BAGS

Special for Saturday
We place on sale one lot of Leather Hand Bags, assorted styles in shapes and frames, values to \$1.25, at **69c**

GLOVE SPECIALS

2 clasp "Leatherette" Gloves in tan and white, pair **49c**
Long "Leatherette" Gloves, 16 button length, assorted shades, values \$1.25, at pair **98c**

HAIR GOODS SPECIAL

24 and 26 inch length Switches, 3 stem and strictly sanitary, naturally wavy hair, values to \$4 **\$2.25** at each

NECKWEAR

Exceptional values in Women's Fall Neckwear of everything new and stylish. Prices 25c to \$5.00

BIGGEST CORSET VALUES OF THE YEAR A PHENOMENAL SALE OF CORSETS

A fortunate purchase of well known makes of corsets enables us to sell at **Big Reductions**.

No woman who knows good values will miss this sale, for most of these corsets cost more to manufacture than the prices we offer them to you. These lots consist of the High Class Corsets, of the Best Makes, as far as styles they are all here and in all sizes. You will find it easy to get your style and be fitted correctly. Every pair guaranteed to fit and wear.

Lot 1—Corsets and Corset waists, values to \$1.00, odds and ends, sale price **25c**

Lot 2—Corsets, new models and all sizes, values \$1 at **59c**

Lot 3—Corsets, values to \$1.50 at **89c**

Lot 4—Corsets, values to \$2.00 **\$1.39**

Lot 5—Corsets, values to \$3.50 **\$1.59**

Other lots, values to \$5.00, at \$1.98 | Values to \$8.00, at \$3.49

Values to \$6.00, at \$2.49 | Values to \$10.00, at \$3.98

TO UNVEIL STATUE

JOHN A. JOHNSON MEMORIAL
WILL BE DEDICATED AT ST.
PAUL BY CEREMONY
TOMORROW

ST. PAUL, Oct. 18.—John A. Johnson's memorial will be unveiled Saturday on the state capitol grounds. It is expected that a large number of the late governor's friends from all parts of the state will be there to witness the ceremony. The principal address will be made by Congressman W. S. Hammond, St.

James. Miss Jeanette Lynch, a daughter of F. B. Lynch, democratic national committeeman, C. D. O'Brien, president of the Johnson memorial commission, will present the memorial to the state Governor A. C. Eberhart will make the speech of acceptance and Bishop J. J. Lawler will deliver the invocation. The first battalion band, M. N. G., will furnish the music.

A beggar naturally has a pinched look if he is arrested for vagrancy. Occasionally a detective forgets to disguise his breath with a clove. You can't judge the importance of a thing by the fuss a woman makes over it.

A Cure From The Forest

Nature in her wisdom and beneficence has provided, in her great vegetable laboratory, the forest, a cure for most of the ills and ailments of humanity. Work and study have perfected the compounding of these botanical medicines and placed them at our disposal. We rely upon them first because of their ability in curing disease, and next because we can use them with the confidence that such remedies do not injure the system. Among the best of these remedies from the forest is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and the safest of all tonics. It does not contain the least particle of harmful mineral. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison and all other diseases dependent on impure blood. As a tonic S. S. S. builds up the system by supplying a sufficient amount of vigor and nourishment to the body. S. S. S. always cures without leaving any unpleasant or injurious effects. It is perfectly safe for young or old. Book on medical advice free.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CZAR IS BADLY SCARED

SOLDIER GOES ON KNEES TO EMPEROR AND HE DISMISSES OFFICERS OF THE REGIMENT

MOSCOW, Oct. 18.—A wholesale disciplining of army officers here has taken place under direct orders from the czar, on account of an incident during his inspection of the Second Infantry recently.

While his majesty was passing along the lines, a soldier suddenly threw down his rifle, stepped out of ranks and fell on his knees. Several officers hurried themselves upon him. Later it was learned that he merely wanted to appeal for his discharge from the army on the ground that he had been forced to enlist in place of his brother who had been drafted.

The czar's fright quickly gave way to rage, and he ordered the commander of the military district to receive a severe note, the commander of the army corps a caution, the commander of the division a reproof, the commander of the regiment a public reprimand, the commander of the battalion to which the soldier belonged an order to resign, the captain of the man's company and the non-commissioned officer of his detachment to be summarily dismissed. The soldier himself was sentenced to 30 days imprisonment, with the promise, however, that his grievance would be investigated.

Peanut politicians should not complain if they get well roasted.

CANADA IMPORTS A MILLION A DAY

Value of U. S. Goods Going Over Border is Constantly on the Increase

WASHINGTON, Oct. 18.—Continued increases in exports from the United States to our sister country on the north, Canada, are brought to light in a current official report of the bureau of foreign and domestic commerce. A conservative estimate of the average export business is placed at over one million dollars a day. Three years ago they averaged a half million dollars a day, and a dozen years ago they averaged \$250,000.

According to the latest compilation, the August statement of exports shows that the value of merchandise exported to Canada during 244 days, from January 1 to August 31, 1912, is practically 244 million dollars, or, to be more exact, \$243,721,771. Bituminous coal, automobiles, manufactures of iron and steel, lumber, corn and unmanufactured cotton are some of the articles which have seen the largest increase in exportation.

Representative Rothermel of Pennsylvania, despite the fact that he has been in congress a year and hustles about a good deal, is still being mistaken for his "double." Vice President Sherman. Columns have been written about the coincidence of Sherman's similarity in appearance to Rothermel and the Washington newspaper men supposed everywhere in their profession at least could distinguish the two. Nevertheless, all the newspaper men have yet to learn.

Rothermel turned up at the hearing before the Clapp committee when J. P. Morgan was a witness. He wanted to hear what the financier had to say about political contributions from the "interests."

"Why, there's Sherman," exclaimed an energetic reporter who hastened to inform his bureau of the fact.

The bureau had heard Sherman was ill and hadn't been in Washington in a long time. The reporter was questioned about it. He asked the other reporters about it, and much to his disgust found out that it wasn't Sherman.

"I can't see why they don't quit taking me for the vice president," said Rothermel, when the mixup was explained to him. To which sentiment everybody else agreed.

The tremendous growth of American moving picture business abroad is reflected in official figures on the importation and exportation of motion picture films given out by the department of commerce and labor. The article giving the figures also describes the influence of American picture films in creating a demand abroad for articles made in the United States.

More than fifteen thousand miles of motion picture films were exported from the United States in the last fiscal year, while nearly 3,000 miles were imported. The exact length of the films exported in the year ending June 30, 1912, was 80,035,302 feet, valued at \$8,815,060; the length of films imported was 14,274,786 feet of "positives," valued at \$825,083.

A large proportion of the motion picture films now used in the various parts of the world are manufactured in the United States. About two-thirds of those exported go in the "unexposed" form, ready for use in taking pictures in those parts of the world to which they are sent. Of the importations, practically all are "exposed" films, views taken in other parts of the world for use in the United States.

Five thousand, two hundred and four is the number of the engine that the Pennsylvania railroad has recently equipped with modern fire fighting apparatus and put in commission to assist the district firemen in extinguishing flames in the railroad yards, particularly near New Jersey and Virginia avenue.

Because of the high speed of which the engine is capable and the fact that it has right of way all the time, its service will be invaluable, as has already been shown by its efficiency in putting out small flames in the yards without the assistance of the municipal department. The excellent switchboard service, operated from the towers, can give it right of way without scarcely any delay.

The primary use of the engine

A. CARLSON

1500 AVON STREET

JUMPS TO DEATH

DENVER, Col., Oct. 18.—Lester Bridgman, until two months ago vice president of the Davis-Bridgman company and a prominent society man, committed suicide today by jumping from the seventh floor of the Colorado building. He struck on the roof of an adjoining building

and was instantly killed. It is reported Bridgman recently had financial reverses.

It doesn't console a woman with wrinkles to tell her they are the dimples of second childhood. That man doesn't live who has not at one time thought he had all the elements of greatness in him.

FRANKLIN CLUB TALKS SUFFRAGE

Jury Favors "Votes for Women" Side of Argument; Suffragettes on Program

By a vote of two to one the Franklin club jury last evening returned a verdict in favor of the affirmative of the question, "Resolved, that the voters of the state of Wisconsin should endorse the amendment to the state constitution providing for equal suffrage." This debate proved to be one of the most interesting discussions which has been held for some time and much interest was displayed.

R. V. Ahlstrom led the discussion for the victorious affirmative and he was assisted by Dr. A. R. Kemper and P. W. Mahoney. The arguments of this side, which favored equal suffrage, were convincing enough to get a favorable verdict from the jury and it was decided that women should vote in this state. The negative was sustained by Harry Robinson, W. J. McLaughren and Professor H. G. Hayden, who presented many arguments against equal suffrage.

C. F. Figgie, Roy Davidson and Mrs. Bullock were the jury. Following the debate Miss Rose Keefe of this city and Mrs. Elizabeth Schauss of Toledo, Ohio, who is here in the interests of equal suffrage, spoke telling the reasons why women should have the right to vote.

Next week's debate will be on the same question as that which was discussed last evening and three of the ladies from the equal suffrage league will argue against three members of the Franklin club.

CHAMPION PAINTERS DROP THREE GAMES

Bowling three great games last evening, the Peerless club took three straight games from the champion Painters when these two teams met at the Combination bowling alleys. The Peerless took all three games by comfortable margins and their scores were excellent as they made 338, 852 and 827 respectively. Votes of the Painters had high score for the evening with 204 while Mekvold was a close second with 202. Scores:

PAINTERS			
Verket	105	163	170
Hauser	144	132	148
Voves	204	184	166
Poehling	163	168	153
Paulson	148	166	142

PEERLESS

Wall	151	163	153
Freng	160	146	155

Totals 838 852 827

RAILROADS WOOD FILE IS BURNED

About 250 cords of old railroad ties and chopped wood which were piled east of the passenger tracks at Grand Crossing were burned last night, due to a fire which is thought to have originated from a spark from an engine which passed that place. The blaze was a big one north of the roundhouse and just south of the timber land which was saved by the prompt work of fire company No. 4.

The fire was discovered about 11 o'clock last evening and efforts were made to extinguish it by means of the hose at Grand Crossing but the hose was too short so an alarm was sent in. Fire company No. 4 came about 11:30 last night and they fought the blaze until 6:30 this morning when all the danger was past.

The fire spread quickly, due to the fact that the wood which was piled along the tracks was all dry as it is used for kindling and it burned fast. The timber yard is located north of the scene of the blaze and had not the work of Co. No. 4 been so efficient the blaze would undoubtedly have spread to that place with the result that the loss would have been heavy.

GOV. JOHNSON DODGES

BULL MOOSE CANDIDATE STEPS BY CHICAGO RECEPTION COMMITTEE—LEAVES HOTEL

CHICAGO, Oct. 18.—Evading a squad of fifty policemen and disappointing a number of local committeemen who were at the Baltimore & Ohio station to meet him, Governor Johnson, running mate of Colonel Roosevelt, arrived here today over the Chesapeake & Ohio railroad and slipped quietly into the Blackstone hotel.

Then, telling his secretary, W. McCabe, that he was going to get a shave, the progressive candidate for vice president, left the room. At progressive headquarters nobody seemed to know the governor's whereabouts. Johnson is scheduled for a conference with Roosevelt about noon.

This is not the first time that Johnson has eluded committeemen, friends and his own manager. In New York several weeks ago he disappeared for two days and suddenly turned up to resume his campaign while frantic efforts were being made to locate him.

STARTS FIGHT TO BETTER THE SEED

Cary Enlists Rural School Teachers in War for Care of Planting Corn

MADISON, Wis., Oct. 18.—Mindful of the unusual scarcity of seed corn in this country this year, State Superintendent of Schools C. P. Cary is enlisting the teachers of the rural schools in a campaign for better seed and added yields. In a circular letter to county superintendents, he asks them to call the teachers' attention to the opportunity at hand and to direct them immediately to form special classes for the study of corn. From present indications, he says, good seed corn will be scarce next spring unless more attention is paid by farmers in selecting, drying and storing seed corn.

"The rural schools," says the state superintendent, "have been criticised for not being of real service to rural communities. Teachers have a golden opportunity this fall to refute this criticism. I believe the rural schools could not render the people of the community and the state at large valuable service if special attention should be given to the study of corn."

It is proposed that the class study the corn in the fields, after first securing permission of the owner, and at the proper time next spring the teachers in every country school in the state are advised by the state school superintendent to test seed corn on the farms in their community, following the outline and directions in the common school manual. The result, he predicts, will be "fewer dollars paid next spring for seed corn and in better filled corn cribs next fall."

A bulletin addressed to principals of state graded schools has been issued by Superintendent Cary in which suggestions are made for taking more advanced ground in the teaching of agriculture in those schools. The state graded school inspectors will so organize their work this year that they can give special attention to this subject. The following topics will be emphasized: Corn, the dairy cow, potatoes, poultry, birds, noxious weeds and legumes.

NORTH SIDE BRIEFS

A good show at Dreamland. Louis Valyer left yesterday for Trempealeau where he will remain for several days.

Melvin Schelmendine, who was visiting friends on the north side for several days, returned to Bangor yesterday.

Vincent Schelmendine returned to Bangor following a visit with friends here.

DENY MARSHALL REHEARING

INDIANAPOLIS, Oct. 18.—The supreme court today denied the petition for a rehearing of attorneys for Governor Marshall and other defendants in the suit to annul the proposed new Indiana constitution. The action of the court precludes a possibility that the proposed law will go on the ballot at the coming election.

CHARGED WITH BOLD MURDER, GEORGIA FEUDISTS AWAIT TRIAL IN ATLANTA JAIL

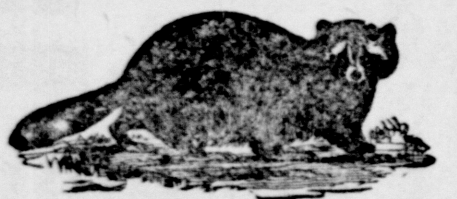

Painter Brothers and Mrs. Painter Wright.

When Mrs. Painter Wright left her home in Fannin county, Ga., recently, in the custody of two United States marshals, she took her first ride on a railroad train and entered a world beyond the 20 mile radius of her home in the hills. She is charged with conspiracy in one of the boldest murders in the North Georgia hill country, the ambush of Moat Hughes, at his home in Jasper, and the branding of the babe he held in his arms. The assassination of Hughes marl another blood-stained chapter of a mountain feud which has been waged for years. Four have already been slain. Mrs. Wright is in Atlanta's tower for safe keeping.
The Painter brothers, alleged to be the men who fired on Hughes, are also in the Tower for safe keeping, pending their trial.

TO DISCUSS THE QUEER CHILDREN

Exceptional Child Held Back in School Needs Special Care Is Contention

Not the feeble minded and degenerate child alone, but also the handicapped normal child, needs special attention in our schools, according to the announcement of the National Association for the Study of Exceptional Children. The third annual conference of the association, to be held in New York, October 30 and 31, will be devoted to the educational and social rights of exceptional children of the handicapped type, in contradistinction to the care of the comparatively small number of feeble minded and degenerate, who must be provided for in separate institutions, and for whom there is usually little possibility of educational development in the usual sense of the word.

The significance of the problem lies in the fact that there are far more exceptional children of this type, which includes also children apparently retarded, than there are of the class of real defectives and degenerates.

A number of well known speakers have agreed to take part in the discussion, and some of the interesting topics to be considered are: Tests for measuring intelligence; the "borderland child;" juvenile delinquency; habit forming; school and community gardens; practical methods of correcting impediments in speech; Dr. Montessori's "children's houses;" medical inspection; rational human eugenics, and numerous phases of the general problem of retardation. Dr. P. P. Claxton, United States commissioner of education will preside at the conference.

MAYOR ARRESTED DELIVERING TALK

Socialist Executive Pinched by Sheriff as He Makes Speech to Striking Workers

LITTLE FALLS, N. Y., Oct. 18.—The mill district was quiet today, although special deputy sheriffs were on duty to aid the local police as the result of the demonstrations which culminated in the arrest of socialist Mayor Lunn and the delegation of Schenectady socialists. The city and county officials positively declared that they would prevent, by force if necessary, any public speaking until the case against Lunn and his associates is decided by the court. Meanwhile the Schenectady mayor and the other speakers were brought to the city hall for a second hearing.

Mayor Lunn and his followers declare they are fighting only for the constitutional guarantee of free speech. The mayor says if the courts decide against him he will bring five thousand socialists from Schenectady and fill every jail in the county.

TRIAL NOT ATTENDED

NO SPECTATORS LISTEN TO EVIDENCE IN INDIANAPOLIS DYNAMITING CASE TODAY

INDIANAPOLIS, Oct. 18.—As an entertainment, the dynamiting conspiracy trial should be taken off. Today there was not a spectator in the court room who was not called there by necessity. The 100 seats were occupied only by a few scattered witnesses, waiting to testify. U. S. Marshal Schmidt appointed half a dozen extra bailiffs to guard the doors but for the most part they have nothing to do but loiter about the marble and gold corridors of the three million dollar federal building. The monotonous identification exhibits and the failure so far of the government to produce a single thrill has caused the few visitors who came at first to lose heart and even the "regulars" now stay away.

HIGBEE TO ATTEND MILWAUKEE MEET

County Chairman J. E. Higbee this morning received an invitation from George E. Scott, chairman of the republican state central committee, to attend a meeting of all county chairmen to be held in Milwaukee Friday afternoon, October 25.

In his letter Mr. Scott calls attention to the peculiar political situation in this state and points out the necessity of concerted effort on the part of the republicans to meet and defeat the unusually strenuous effort of the democrats to grasp control of affairs in Wisconsin.

Mr. Higbee announced that he would attend the meeting, at which plans for the latter part of the campaign are to be mapped out. In the event it is impossible for him to attend, however, Secretary Joseph K. Kidder of the local committee will probably attend.

A SOUR, GASSY UPSET STOMACH

"Pape's Diapepsin" Overcomes your Indigestion in five minutes

Wonder what upset your stomach—which portion of the food did the damage—do you? Well, don't bother. If your stomach is in a revolt; if sour, gassy and upset, and what you just ate has fermented into stubborn lumps; your head dizzy and aches; belch gases and acids and eructate undigested food; breath foul, tongue coated—just take a little Diapepsin and in five minutes you truly will wonder what became of the indigestion and distress.

Millions of men and women today know that it is needless to have a bad stomach. A little Diapepsin occasionally keeps this delicate organ regulated and they eat their favorite foods without fear.

If your stomach doesn't take care of your liberal living without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless relief is Pape's Diapepsin which costs only fifty cents for a large case at drug stores. It's truly wonderful—it digests food and sets things straight, so gently and easily that it is really astonishing. Please, for your sake, don't go on and on with a weak, disordered stomach; it's so unnecessary. —Advertisement.

SNAP AND VIM IS SHOW SLOGAN

Elks' Minstrels Working with Might and Main to Make Entertainment a Success

With such famous comedians as Art Hankerson and B. Trepte as premier ends in the Elks Minstrel show October 28 and 29, and Emil Niemeyer and Ed Frain as singers of ballads, thirty young ladies in various acts, and about fifty of the best talent in the city in the choruses, practicing day and night under the guidance of Holly Shepard, the man who invented the minstrel show, it is the prediction of those who have seen the bunch at practice that the show this year will surpass anything of its kind that ever appeared in La Crosse.

Mrs. Shepard is working with might and main on the singing parts of the show and she has some of the best material in town with which to help make the show a success. Mr. Shepard is preparing the actor bunch in the intricacies of their appearances on the stage. The show will be full of snap and vim. There will be no lagging moments. Something doing all the time, is the motto under which they are training. Tickets will be placed on sale the Saturday before the show.

SURPRISE PARTY

Mr. Walter Meinert was very pleasantly surprised Thursday evening by a number of his friends at the home of B. Birnbaum, 1006 Mississippi street. He returned from the west about a week ago where he had been playing with the Nebraska ball team. The evening was spent in dancing, music and playing games and all reported a good time. Those present were the Misses Eleanore Spette, Pauline Bushing, Anna Mueller, Kate Lahure, Agnes Arenz, Alvin Holfeld, Emma Birnbaum, Etta Hengel and Mayme Birnbaum, and the Messrs. Arthur Kowalke, John Pappenfuss, Charles Opitz, Mat Stoll, Ed Hilbert, Peter Smith, Mike and Nic Birnbaum and Walter Meinert.

ANNOUNCEMENTS

The marriage of Mr. Alexander Hamilton Holley, son of Mr. John M. Holley and Miss Lavilla G. Pratt of Chicago, will take place Oct. 24 at the home of Mr. John Holley. A pleasant coincidence is that it is the twelfth anniversary of the marriage of Mr. John M. Holley, Jr., also the fourth of Mr. Horace Holley.

SOCIAL BRIEFS

The ladies of the First Congregational church will meet Tuesday morning at ten o'clock at the church parlors to sew for the visiting nurse. Lunch will be served at noon.

The ladies of the Congregational church will hold a rummage sale on Nov. 5.

PRAISES WILLIAM RUGH

NEW YORK, Oct. 18.—William Rugh's heroism in sacrificing his life for another was the "most perfect form of heroism," declared Mrs. Julian Heath, president of the National Housewives' league, in discussing the death of the Gary newsboy today. "Rugh had everything to lose, and nothing to gain by risking his life, and his death set the seal of absolute sacrifice on his effort."

Mothers of Men.
Men are what their mothers make them.—Ralph Waldo Emerson.

BITES SELF TO DEATH

BERLIN, Oct. 18.—Frustrated in an attempt to commit suicide with a knife, a workman named Heinrich Tolle, in Göttingen prison, tried to bite himself to death. He had bitten open an artery of his hand and gnawed huge chunks of flesh from his arm when the warders found him lying exhausted in his blood-drenched cell. He is now reported dying.

SCHRANK SPENDS TIME IN CHECKERS

Would-be Assassin Introduces Game in Jail to Pass Away Time

MILWAUKEE, Wis., Oct. 18.—John Schrank, Colonel Roosevelt's would-be slayer, emerged from his cell just off the "run around" in the county jail and requested that jail attaches bring him another supply of writing materials. Up to that time Schrank had hardly uttered a word to a fellow prisoner, but had spent the hours since breakfast writing over and tearing up sheets of paper furnished at his request. He carefully guarded the waste paper and refused to divulge the theme of his labor.

Schrank did not continue writing after his stationery supply had been replenished, but introduced the game of checkers in the "bull pen." Seeking out Walter Staszal, a fellow prisoner serving six months for larceny, Schrank asked if there was no game they could play to pass away the time. Staszal suggested cards, but Schrank refused to play cards and requested jail guards to bring a square piece of board. He then ruled off the marking for checkers and returning to his cell made a complete set of paper squares for the game. Schrank won four of the five games he played with Staszal and promised to "take on" some of the other prisoners.

Shrubbery on Steeple.

A shrubbery of a dozen small elder trees, each over three feet high, was discovered a few days ago growing on the steeple of the Wesleyan church, Kingston-on-Thames, England.

BRANDEIS FLAYS THE THIRD PARTY

Declares New Organization
Protects Organized
Capital and Ig-
nores Labor

CHICAGO, Oct. 18.—Louis D. Brandeis, the Boston attorney, branded the third party as protecting organized capital and failing to recognize organized labor in a letter sent to Rudolph Spreckels, head of the Wilson National Progressive Republican league.

Mr. Brandeis refers to George W. Perkins, financial backer of the third term party, as the father of trusts and as having once declared on behalf of the Steel trust, "we are unalterably opposed to extension of union labor." Mr. Brandeis' letter is as follows:

"The superstructure of the new party's platform is beautiful; but the foundations are fatally defective. They are industrial absolutism and the subjection of labor. This party pledges itself to legalize private monopoly instead of regulating competition. The new party platform is the expression not of hope, but of despair. It says in effect: 'We must abandon industrial liberty. We must recognize as inevitable private monopoly—that cursed product of despotism from which, in the past, the few have ever profited at the expense of the many. But we will draw its fangs; will regulate it by an interstate trade commission; will curb its abuses and will limit the prices it may charge.'

"But why tolerate private monopolies? Surely they do not contribute to the greatest good of the greatest number. Have monopolies ever reduced the cost of living? Does comfortable, entrenched monopoly stimulate effort, and that full development of the faculties which is the real source of American prosperity? "If the government of the United States is powerful enough to control monster private monopolies, why is it not powerful enough to prevent them? That the Sherman law has failed to suppress monopolies during the last twenty years is no answer; for there was no serious attempt by any administration to enforce the law we have, and no thought of making that law effective by adding legal and administrative machinery essential for that purpose.

"Hand in hand with private monopoly goes the denial of labor of the right to organize. Every powerful trust has made the elimination of the trade unionist the cornerstone of its labor policy. And this new party platform, with its nobly phrased promise of social and industrial justice, ignores labor's right to organize, seemingly well content with the decision of the United States Supreme court which declared that a corporation engaged in interstate commerce has a constitutional right to discharge an American citizen because he joins a labor union.

"Thus the new party promises capital the right to combine but offers no relief to labor. We know that this omission from the new party platform is a deliberate act.

ORRINE

CURES DRINK HABIT

So uniformly successful has ORRINE been in restoring the victims of the "Drink Habit" into sober and useful citizens, and so strong is our confidence in its curative powers, that we want to emphasize the fact that ORRINE is sold under this positive guarantee. If, after a trial, you get no benefit, your money will be refunded. ORRINE costs only \$1.00 per box. Ask for Free Booklet. O. T. Erhart, 518 Main street. —Advertisement.

COULD SCARCELY WALK ABOUT

And For Three Summers Mrs. Vincent Was Unable to Attend to Any of Her Housework.

Pleasant Hill, N. C.—"I suffered for three summers," writes Mrs. Vincent, of this town, "and the third and last time, was my worst.

I had dreadful nervous headaches and prostration, and was scarcely able to walk about. Could not do any of my housework.

I also had dreadful pains in my back and sides, and when one of those weak, sinking spells, would come on me, I would have to give up and lie down, until it wore off.

I was certainly in a dreadful state of health, when I finally decided to try Cardui, the woman's tonic, and I firmly believe I would have died if I hadn't taken it.

After I began taking Cardui, I was greatly helped, and all three bottles relieved me entirely.

I fattened up, and grew so much stronger in three months, I felt like another person altogether."

Cardui is purely vegetable and gentle-acting. Its ingredients have a mild, tonic effect, on the womanly constitution.

Cardui makes for increased strength, improves the appetite, tones up the nervous system, and helps to make pale, sallow cheeks, fresh and rosy.

Cardui has helped more than a million weak women, during the past 50 years. It will surely do for you, what it has done for them.

Try Cardui today.

N. B.—Write to: Ladies' Advisory Dept., Chattanooga Medicine Co., Chattanooga, Tenn., for Special Instructions, and 64-page book, "Home Treatment for Women," sent in plain wrapper, on request.—Advertisement

ty platform of all reference to the right of labor to organize was not accidental. The existing injustice to the working man, and the need of rectifying the court's misinterpretation of the people's will had been called to the attention of the country by the planks in the democratic platform, and in that submitted by Senator La Follette at the republican convention. The failure to recognize labor's rights to organize is an integral part of the trust policy to which the new party is committed.

"It is fitting that George W. Perkins, the 'Father of Trusts,' late of J. P. Morgan & Company, and still of the Steel trust, the Harvester trust and the Shipping trust, should be chairman of the executive committee and the financial supporter of the new party movement. Six weeks after the Steel trust was organized its executive committee on motion of Mr. Perkins' partner, declared as the company's policy: 'We are unalterably opposed to any extension of union labor.' Do progressives wish to make that policy the policy also of the nation?"

FIND OLD ELEVATORS

ROME, Oct. 18.—That the ancient Romans had the elevator habit at least to a limited degree is revealed by recent excavations in Palatine. Among the uncovered ruins of Nero's city twelve rudely constructed elevators have been found, and antiquarians say that their construction dates back to earliest times. One of them is now being

The Candidates Today
Prohibition—Chafin still on an automobile trip through New Jersey cities.

Socialist—Debs at Washington, D. C.

Republican—President Taft remained at Beverly.

Democratic—Governor Wilson is in West Virginia.

Progressive—Colonel Roosevelt in hospital in Chicago.

NEW YORK, Oct. 18.—Miss Al-
berta Hill has demonstrated that it is possible to get not only logic but humor out of the tariff question. Miss Hill is actively supporting Governor Wilson and she has proven one

of the surprises of the campaign in New York city by her ready wit and ability to meet any debater on the stump.

At the Woman's meeting, held at the tariff exhibit, New York city, Miss Hill brought out the following unique points in discussing the tariff.

"The tariff problem began after the expulsion from Eden. As our first parents left the Garden, Eve turned to Adam and said:

"There ends our supply of free raw material."

"Today a woman must understand the tariff in order to realize why hubby's pay envelope don't go as far as it used to.

"Today an American woman pays \$2.75 for her daughter's graduation frock. The English woman pays only \$1.80. That sort of things helps us to understand the tariff. Why, under the present bill, a woman cannot have a cold in her head decently. Linen handkerchiefs cost 50 cents, on account of prohibitive tariff, and the plain cotton handkerchiefs have gone up to \$1.50 a dozen. Soon we shall be compelled to use tissue paper handkerchiefs, like the Japanese. But even on tissue pa-

per the tariff taxes amount to 40 per cent."

CHICAGO, Oct. 18.—Z. A. Wilhelm of Walton, W. Va., adopted a novel means to procure an autograph of Governor Wilson. In sending his contribution to the democratic national committee he made his check payable to the order of Woodrow Wilson. This made it necessary to have Governor Wilson's endorsement upon the back, and this was exactly what Mr. Wilhelm declared in his letter that he wanted.

When the check is returned paid he desires to retain it as a souvenir with the Governor's autograph.

He Couldn't Work Her.
While a Jewel City girl was selling tickets for the picture show, a man called for tickets and pushed in a five-dollar gold piece to pay for them, but the girl shoved it back. The man insisted it was money all right, but the girl informed him that he couldn't work her, and he didn't. He had to go out and borrow a dime. There are plenty of Kansas youngsters who never saw a gold piece.—Kansas City Star.

MARSHALL HITS RACE GAMBLING

Declares Intention of the
Stamping Out Reported
Betting at Porter
Track

CHICAGO, Oct. 18.—"I want it understood that I am not breaking down on this race track gambling proposition for a minute," said Governor Marshall here this morning on his way west.

"We will put them out of business. My attorney general, T. M. Honan, has been working on it for weeks, trying to get information, but has been able to get little evidence.

"When I heard that gambling had been going on at the Porter track yesterday, I wired my secretary at Indianapolis to investigate at once and see whether the sheriff is doing his duty and if not to see that it is done. I notified the sheriff to arrest everyone connected with the thing if he saw evidence of gambling and I have his written assurance that he would."

The governor said his presence in the state is not necessary; that the attorney general has orders to go ahead.

"But neither I nor my successor will allow Indiana to be a dumping ground for your Chicago gamblers. If you want us to enforce Illinois laws you must help us get the evidence. Then I am willing to assume the responsibility of it."

RUSSIA GETS NEW PRISONS

ST. PETERSBURG, Oct. 18.—The construction of eighteen new prisons is necessary to accommodate the increasing number of political offenders, says the chief prisons administration in presenting its budget for the ensuing year. The minister of justice will ask the fourth duma, which is to meet Nov. 26 for an appropriation of \$5,000,000 for this purpose.

At present the various prisons of Russia contain approximately 100,000 condemned persons, of whom 120,000 were sentenced for political offenses, an increase of 50,000 in the past five years.

SEND SYMPATHY TO THE COLONEL

Three Negro Attendants of
Special Car Send Letter
of Condolence to
Roosevelt

CHICAGO, Oct. 18.—Of all the letters and telegrams received by Colonel Roosevelt he has been most deeply affected by one received from the negro employees of the Pullman company, who served him on the special campaign train. The letter, written on the letterhead of the private car "Mayflower," follows:

"Hon. Theodore Roosevelt, Mercy hospital.—Dear Sir: It is with profound regret that we are leaving Chicago today for New York city, and leaving you behind, because the cars have been released. However, you have our deepest and most heartfelt sympathy and greatest desire for your speedy and safe recovery. We sincerely hope to see you on the battlefield (of the common people's rights) again ere long, and may God bless you, colonel. Good-bye, and

good luck, with our deepest sympathy and highest regards, we are yours to serve.

"E. HOWELL, Waiter,
"WM. CARSON, Porter,
"J. BLUE, Chef."

Colonel Roosevelt's eyes filled with tears as he read the note and he will write each one a letter expressing his appreciation of his services.

Among the other messages of sympathy received from people of note all over the world are:

"Lamento Venganza infame.—Colonel Blanco, Manila."

"Heartiest sympathy from self, family and friends.—Octavius Beale, Sydney, Australia."

"Distressed. God save the country.—Christian, Lieutenant Seventh Cavalry."

"Heartfelt thankfulness for safety. Hope all.—Lucy Whitridge, London."

"Madame Roosevelt, Chicago: Loving thoughts.—Murio, Paris."

PLAN TROLLEYS FOR ST. PAUL

Interurban System Is Plan
to Connect Capital
with the Rural
Districts

ST. PAUL, Oct. 18.—With St. Paul as a center, plans are being laid to connect the capital of the state with the rural districts by a net work of trolley lines, similar to the ones which have made Indianapolis famous. One of the features which will be developed is the rapid transit of farm products. Martin T. Roche, chairman of the publicity committee of the St. Paul Association of Commerce, will make a study of the Detroit system of suburban trolley lines. He will visit other eastern cities.

Mr. Roche will spend several days in Detroit where he will gather information concerning good roads and other matters of interest, to the local division of the St. Paul Association of Commerce. Mr. Roche will reach Detroit Friday, October 11.

LAY PLANS FOR \$10,000,000 ROAD

Automobile Industry Back
of Scheme Financially

to Assure Success

READY BY JANUARY 1915

Expert to Have Highway

Open from Coast to

Coast for Panama

Fair

There is widespread interest throughout the country in the plans recently announced looking toward the building of a transcontinental highway from New York to San Francisco with the financial backing of the automobile industry to the extent of at least \$10,000,000 which should certainly assure the success of the enterprise.

It is the intention to construct a road which will be practically of a permanent nature so as to eliminate the great cost of maintenance which is the drawback to the type of roads now in use in many states. At a conference soon to be held by the commissioners under whose direction the road will be built, it is probable that the type of construction will be agreed upon.

Done in 1915

The preliminary work will be pushed as fast as possible with a view to arranging for the actual construction of the highway so that it will be completed by January 1, 1915, in time for use by the thousands of motorists who are already planning tours to the Panama-Pacific canal exposition in the spring of that year.

The tentative route suggested starts from New York city going south by the way of Washington through Wheeling and Columbus to Indianapolis, thence west through St. Louis, Kansas City and over the Santa Fe trail through La Junta, Phoenix, San Diego and Los Angeles, following the Pacific coast to San Francisco.

The greater portion of this route was originally surveyed by the official pathfinders of the Touring Club of America in October, 1910, and has become popularly known as "The Trail to Sunset," this name having been given it by the Touring club's representatives.

In the fall of 1911 the Touring club conducted a double transcontinental tour surveying the eastern portion of the proposed new highway. One of the sections was appropriately named the "Old Trails Highway," covering the southwestern portion of the new route from Arizona and New Mexico through to California.

Most Feasible Route

This is believed to be the most feasible course for the new highway across the continent and complete running directions of the route appeared for the first time in the current year's issue of the automobile blue book.

In commenting upon the practicability of the plan, David Beecroft, editor of the Automobile, has the following to say in a recent issue of that journal:

"Never before has the time been more opportune for road improvement than today. Where improvements have been made cars have sold as a direct result. The good roads movement needs more than anything else today—the spirit of 'do something.' Stop talking and act."

"There have been enough of route, enough of getting lost, enough of delays, but not enough actual work. What is needed is stone—crushed stone along the roadside so that it can be put on the road. Stone is needed from the Atlantic to the Pacific and if the automobile world expects to get this ribbon of stone from ocean to ocean within the next decade it is imperative that it take up the white man's burden and provide the stone."

Comments Spirit

Editor Beecroft commends the spirit of the prominent automobile manufacturers who have instigated this movement and believes that if the automobile industry and motor car users furnish the funds, that the state and county authorities should be agreeable to signing contracts to do the actual road building under engineering supervision.

"This is one of the best good roads suggestions that has occurred. It is to be hoped that it goes through," continued Editor Beecroft. "It will, if the automobile manufacturers are awake to the signs of the times, and if the men at the helms of the big industries realize, and have properly weighed the big factors that go to make up the successes of the industry."

"If a stone road could be built from ocean to ocean in three years on these lines it would be the greatest incentive to good roads that America ever witnessed. It would advertise the automobile industry as no other movement has done since the inception of the motor propelled

ITALY FIGHTS SOCIALISM

ROME, Oct. 18. — A campaign against socialism in the army is engaging the attention of the Italian cabinet. The minister of the interior has sent a circular to the commander of each regiment, with instructions to watch every soldier who receives any money from a labor union, also to report those seen in the company of socialists and to notice the character of journals read by the men.

A man takes desperate chances when he buys a horse covered with a blanket or gets married.

BARS BECKER'S ACCOUNT

NEW YORK, Oct. 18.—The prosecution in the Becker case failed in an attempt to get before the jury the bank accounts of the accused lieutenant.
